

We've just added a link to "Nursing Education in Video" from our website. You as a student will now have access to almost 300 videos which can be viewed 24/7 on any remote computer, including portable devices, iPhones, etc. The following steps show you how to access this site. If you have any questions or problems viewing these videos, please let the library or Amy Vermillion, Nursing Education Resource Specialist know. Enjoy!

**STEP 1:**

The screenshot shows the RCCD LAMP website in a Mozilla Firefox browser window. The browser's address bar displays <http://library.rcc.edu/riverside/>. The website header includes the text "DIGITAL LIBRARY/LEARNING RESOURCE CENTER RIVERSIDE CITY COLLEGE" and "LAMP" with navigation tabs for "RESEARCH", "INSTRUCTION", "SERVICES", and "INFORMATION".

The main content area is divided into two columns. The left column, titled "Need information? Start here:", contains two sections: "Find it in the Library:" with a link to "Library Catalog" and a description of searching for books, eBooks, and streaming media; and "Find it online:" with a link to "Databases A - Z" (circled in red) and a description of searching for newspapers, magazines, journals, eBooks, and encyclopedias. Below these are links for "Renew your Books Online" and "Class / Subject Guides".

The right column, titled "Library Hours", lists hours for "Fall 2011": Monday-Thursday (7:30 am - 7:00 pm), Friday (7:30 am - 4:00 pm), and Saturday/Sunday (Closed). It also lists closure dates: September 5, 2011; November 11, 2011; and November 24-27, 2011. Below this is a "RCC Library Calendar" for "Friday, October 7" with a dropdown menu showing "Monday, October 10" with events at 11:15am (ENG 1B) and 3:00pm (Basketball Study).

The Windows taskbar at the bottom shows the Start button, several open applications (Inbox, RCCD LAMP, Nursing Education, akts-eForum), a search bar, and the system tray with the time 9:45 AM.

## Welcome to Nursing Education in Video

Nursing Education in Video is a unique online collection of videos created specifically for the education and training of nurses, nursing assistants, and other healthcare workers. All of the videos in the collection have been created with the guidance of the Medcom-Trainex advisory board, and are regularly reviewed for accuracy, currency, and compliance with US Federal regulations from agencies such as OSHA and CMS.

This current release includes **260** videos. [More](#)
