

COMMUNITY EMERGENCY RESPONSE TEAM

Sponsored by Riverside County Office of Emergency Services

If available emergency services personnel are the best trained and equipped to handle emergencies, an you should use them. However, following a catastrophic disaster, you and the community may be on your own for a period of time because of the size of the area affected, lost communications, and impassable roads.

CERT training is designed to prepare you to help yourself, your family, your workplace, and your neighbors in the event of a catastrophic disaster. Because emergency services personnel will not be able to help everyone immediately, you can make a difference by using the training to save lives and protect property.

This training covers basic skills that are important to know in a disaster when emergency services are not available. With training and practice and by working as a team you will be able to do the greatest good for the greatest number of victims after a disaster, while protecting yourself from becoming a victim.

Topics covered:

- Disaster Preparedness
- Fire Safety
- Disaster Medical Operations
- Light Search and Rescue Operations
- CERT Organization
- Disaster Psychology
- Terrorism

Who should attend: Faculty, Counselors, Administrators, Classified Staff, District Office Staff, Maintenance and Operations Staff and any individuals interested in learning how to better serve in their role as Disaster Service Workers.

To Register: Although hosted on RCCD Moreno Valley Campus – this training is being coordinated by Riverside County Office of Emergency Services. Registration for this course should be conducted through Zuzzette Bricker at Zuzzette.Bricker@fire.ca.gov
