

Greetings to you all,

The Moreno Valley Campus Student Government members will be sponsoring a week of activities in recognition of Breast Cancer Awareness Month. The flier below highlights the activities planned.

Please show your support and participate if your schedule will allow you to.

As always if you have any questions or need additional information please do not hesitate and give me a call at extension 6149 or send me an e-mail.

NOTE: I will e-mail another flier as an attachment just in case this flier is challenging to read.
