Nonresident Classification

You have been classified as a NON-RESIDENT of California for educational purposes and as such are subject to non-resident tuition.

As a non-resident student you will need to apply for re-classification of your residency status. This must be done well in advance of the term you wish to be considered for resident tuition purposes. Complete the **Supplemental Residency Questionnaire Form** and submit it along with supporting documentation to the Admissions & Records office.

Establishing Residency

If you intend to become a resident of California, you must fulfill the requirements listed below.

Physical Presence

You must have been physically present in the State of California for one (1) year prior to the start of the term for which you are applying or enrolling for. The one year period begins when you are not only present in California but also have demonstrated clear intent to become a permanent resident of California. You will be required to provide proof of continuous presence in California for the past (12) months. This may be accomplished by providing a rental/lease agreement, utility bills, employment pay stubs, etc. for the past (12) months **in the student's name**.

Intent

You must manifest intent to become a California resident one year before the start of the term for which you are applying or enrolling for. Actions consistent with proving your obvious intent to become a California resident are:

1. A resident California Tax Form (540) for the preceding year.
2. Registering to vote and voting in California.
3. A valid resident California Vehicle Registration
4. A valid California driver's license or identification card (for non-drivers only)
5. Military - L.E.S. showing home of record as California.

You must provide **three proofs** of residency demonstrating physical **presence and intent**. Two items must be dated at least one year and 1 day prior to the start of the term for which you are applying for. Those items must not be older than two years prior to the start of the term. The third item must show that you are presently residing in California. All documents must be in the student's name. The burden of proof lies with the student.
