

Career Insight Forum (Workshops)

This tool will help you to research different options in your major field of study and give you an overview of the path that you have chosen. It is an insightful workshop that will open your eyes to the abundance of information in your chosen career path. You will be able to speak with experts in your career field and see them in action! Also, tours will be provided to different facilities which will give you an opportunity to see the programs first hand. Check with the Transfer/Career Center for more information (951) 222-8072.
