	FOR LANG 3	4	FOR LANG 3	5	

THE MAJOR:

The study of economics provides a broad view of national and international business conditions and an understanding of production, distribution, and consumption. It provides business people and government officials with vital information on matters such as prices, markets, domestic and foreign trade, and government policies. Students majoring in economics have considerable

latitude in occupation selection. Graduates often pursue law school, graduate work in business (MBA), or economics, as well as going into business or government service.
