| | CSU FULLERTON 2009-2011 | BIOL 101/L | 4 | BIO 1 | 4 | |
| | | CHEM 100/L | 4 | CHE 2A | 4 | |
| | | PSYC 101 | 3 | PSY 1 | 3 | |
| HCOM 102 | | 3 | SPE 1 | 3 | | |
| HESC 101 | | 3 | HES 1 | 3 | | |
| KINE 210 | | 3 | AMY 2A,2B or 10 | 3-4 | | |

THE MAJOR:

Personal and public health are of major importance today, and educating young people about proper health and health problems is challenging and rewarding. Medical costs, drug abuse, venereal disease, quackery, and a multitude of health-related concerns provide a vast amount of information to be taught in the public schools. Accident prevention and treatment, as well as dealing with many of the problems of today's youth, provide challenges and make health education an interesting field.
