THE MAJOR:

Liberal Studies is interdisciplinary study in the humanities and arts, science, and the social sciences. It includes the origin and development of each of these areas and a comparison of their methods and concepts.

The major in Liberal Studies is designed for students who desire the broadest possible liberal education: (1) as preparation for teaching all subjects in the elementary school classroom; (2) as an alternative approach to careers in business; (3) as preprofessional preparation for entry into professional schools in the health sciences, law, ministry, etc.; (4) as a means of obtaining specific occupational requirements that cannot be met from course work in a single department; (5) and as a source of personal growth and development.

CAREER FIELDS:

Early Childhood Education Teacher
Elementary School Teacher
