THE MAJOR:

Nurses are constantly in demand as an integral part of the health service professions. Hospitals, clinics, public health agencies, armed services, schools, and comprehensive mental health centers find the skills and assistance of qualified nurses indispensable. Besides a need for undergraduate nurses, there is a great demand for nurses with advanced education as clinicians, specialists, researchers, teachers, and administrators. Excellent employment service opportunities exist for men and women throughout the nation and in foreign countries as well.

CAREER FIELDS:

Community Health Nurse
Critical Care Nurse
General Practitioner
Geriatric Nurse

Industrial Nurse
Medical -Surgical Nurse
Nurse Anesthetist
Obstetrics and Gynecology

Pediatrics
Psychiatric/Mental Health
Public Health
Nursing Teacher
