

C.L.E.A.R. Directions Year Five Objectives

Year 5	
a.	To increase targeted student success in basic skills courses as a result of systemic improvement via faculty training, curricular enhancement and other instructional support.
b.	To increase targeted student preparation for transition from basic skills courses sequence to the college-level sequence.
c.	Academic Success/Enhanced Learning: to notably increase the number of low income, high-risk students graduating from the college.
d.	Academic Success/Enhanced Learning: to substantially improve the success rate for Hispanic and at risk students in basic skills and transfer level English and math courses.
e.	Career Development/Transfer: to significantly increase the number of targeted students who complete the required prerequisites to transfer to a four-year university.
