This Agreement is made and entered into this first day of July, Two Thousand and fifteen except as agreed in Appendix Q by and between Riverside Community College District (hereinafter called the “District”) and the Riverside Community College District Faculty Association CCA/CTA/NEA (hereinafter called the “Association”).
This edition of the Agreement between the Riverside Community College District and the Riverside Community College District Faculty Association CCA/CTA/NEA is the Agreement dated July 1, 2015, except as noted in Appendix Q as amended by all Memoranda of Agreement signed by the District and the Association between July 1, 2015, and June 30, 2018.

Date: 8-10-15
FOR THE DISTRICT

Date: 8-10-15
FOR THE ASSOCIATION

Dariush Haghighat, Ph.D.
President
RCCDFA/CCA/CTA/NFA
ARTICLE I – RECOGNITION

A. The Riverside Community College District hereby recognizes the Association as the exclusive collective bargaining representative for the employees in the unit described below and in accordance with the certification issued on October 25, 1981, from the Public Employment Relations Board cases numbered A-R-485, UM-199, and LA-D-83:

All currently employed: full-time instructors; counselors, librarians, student activity coordinators, school nurses; child care assistants; and summer school teachers and part-time instructors who have taught the equivalent of three or more semesters of the last six semesters inclusive.

The unit shall exclude educational administrators, management, supervisory and confidential employees; those instructors who are teaching less than a full semester and/or less than a full course; and those part-time instructors who have not taught at least three semesters of the last six semesters inclusive (see Appendix M for Letter of Understanding). A list of current educational administrators, management, supervisory and confidential employees will be provided to the Association at the beginning of each academic year.

B. The District and the Association agree that the unit as described in the foregoing paragraphs is appropriate and that neither will seek Public Employment Relations Board (PERB) clarification or amendment of the unit, either as to the exclusions or the enumerated inclusions.

C. Disputes concerning the interpretation and application of this Article are not subject to the grievance procedure in this Agreement. The inclusion or exclusion of new classifications created or added shall be subject to negotiation between the District and the Association, and any disputes shall be submitted to the PERB.

D. For the purpose of this Agreement, the following definitions apply:

1. **Contract Faculty Member**: An academic employee who is appointed to a teaching or non-teaching position requiring more than 67% of a full-time load and who has served the District less than four full years.

2. **Regular Faculty Member**: An academic employee who is appointed to a teaching or non-teaching position requiring more than 67% of a full-time load and who has served the District four or more full years.

3. **Part-time Hourly Faculty**: An academic employee who is appointed
to a teaching or non-teaching position requiring 67% or less of a full-time load and whose salary shall be paid on an hourly or pay-per-course basis.

4. **Full-time Faculty:** Except in Article XI where the distinction is important, all Contract Faculty and Regular Faculty are referred to in the Agreement as Full-time Faculty.
ARTICLE II – NOTICE

A. Notices required to be sent in this Agreement shall be in writing, and if to the Association, shall be delivered to the President, Riverside Community College District Faculty Association CCA/CTA/NEA, 4800 Magnolia Avenue, Riverside, CA 92506, and if to the District, shall be mailed to the Chancellor, Riverside Community College District, 1533 Spruce Street, 2nd Floor, Riverside, CA 92507. Such addresses may be changed by either party giving written notice to the other party.
ARTICLE III – MANAGEMENT RIGHTS

A. All matters not specifically enumerated as within the scope of representation in Government Code 3543.2 or not limited by the express terms of other Articles of this Agreement are reserved to the District. It is agreed that such reserved rights include, but are not limited to, the Board’s sole right to manage the District and direct the work of its employees; to determine the level, means and kinds of services provided; to determine the staffing patterns and the number and kinds of personnel required; to determine its organization; to determine assignment and location thereof; to determine performance standards; to decide on the building, location or modification of a facility; to determine the budget and methods of raising revenue; to determine educational objectives and policies; to determine the time and hours of operation of District facilities; to sub-contract work or operations except where expressly forbidden by law; to maintain order and efficiency; to determine rules applicable to employees; and to hire, assign, evaluate, promote, discipline, lay off, and transfer employees. All other rights of management not expressly limited by the clear and explicit language of this Agreement are also expressly reserved to the District even though not enumerated above. The exercise of any right reserved to the District herein in a particular manner or the non-exercise of any such right shall not be deemed a waiver of the District’s right or preclude the District from exercising the right in a different manner. The right to determine or decide any of the foregoing shall also include the right to implement, supplement, change, modify, or discontinue, in whole or in part, temporarily or permanently in any of such areas.

B. It is not the intention of the parties, in setting forth the above-mentioned rights of management, to detract or diminish in any way the consultation rights of the Association as set forth in Government Code Section 3543.2. However, such rights are not part of this contract, and it is the parties’ intention that the provisions of the other Articles of this Agreement constitute the only contractual limitation upon the District’s rights.

C. Any dispute arising out of or in any way connected with either the existence of or the exercise of any of the rights of the District set forth above, or any other rights of the District not expressly limited by the language of this Agreement, is not subject to the Grievance Procedure contained in this Agreement.

D. The District retains the right to amend, modify, or rescind policies and practices set forth in the Agreement in cases of emergency. An emergency is a sudden, generally unexpected occurrence or occasion requiring immediate action that affects District facilities or equipment or otherwise
involves an act of God or specific governmental order requiring the District to take certain action or refrain from taking certain action.
ARTICLE IV – ASSOCIATION RIGHTS

A. The Association may use, without charge, available District facilities at reasonable times for the purpose of meetings concerned with its representation rights at this District and may use computers, printers, photocopy equipment, scanners, calculating machines, teleconference equipment, audio, video and Internet resources at reasonable hours when such equipment is not otherwise in use, provided that arrangement for such use shall be made in accordance with established District procedures. Copy machines may be used by the Association at the same cost charged to District programs.

B. The Association shall have the right to use not less than twenty (20) designated faculty bulletin boards for posting notices of activities and shall have the right to use faculty mailboxes for communications with faculty members. Five (5) of such bulletin boards shall be for the exclusive use of the Association, and at each of the three (3) colleges one (1) location of such exclusive bulletin boards shall be at the primary campus mail pick-up station. With respect to the non-exclusive bulletin boards, adequate space (not less than six (6) square feet) specifically reserved for the Association shall be established. The exercise of these rights is subject to generally applicable District regulations. Any notice posted pursuant to this section shall be clearly identified and dated, and a copy shall be filed with the Vice Chancellor, Business and Financial Services. Any Association material distributed through the intra-campus mail system shall clearly indicate the Association as the distributor of the material.

C. The District will reproduce and provide 400 copies of this Agreement to the Association. The Association will be responsible for the distribution of such copies to unit members, except in the case of new hires covered by this Agreement. With respect to new hires, the District will provide a copy of the Agreement at the time of hire and have the new faculty member acknowledge such receipt in writing. The District will maintain an electronic version of the contract language and post a copy to the RCCD Faculty webpage.

D. Duly authorized Association representatives shall be permitted to transact official Association business on the District premises, including grievance processing as provided in Article XVII, so long as the transaction of such business does not interfere with the performance of employee duties to the District. At the beginning of each school year, the Association shall provide written notification to the District as to its authorized Association representatives. Any changes thereto shall be promptly communicated to the District in writing. A staff parking identification sticker shall be provided,
upon request, to the Association’s designated staff representative.

E. The District will furnish the Association with an up-to-date listing of the names, mailing addresses, telephone numbers, and department assignments of all employees represented by the Association by September 15 of each school year and will also provide, at the Association’s request and without cost to the Association, an update of such listing once per school year within seven (7) calendar days after such an update is requested. The Association may request additional updates, but they shall be mutually agreed upon and at the expense of the Association. The District shall also make available to the Association, prior to each meeting of the Board of Trustees, a copy of the Board Agenda and the appropriate supporting materials.

F. The Association President and Association Grievance Chair shall not be required during their term in office to participate in academic committee assignments, to supervise extra-curricular activities, to serve on evaluation or selection committees, or otherwise to perform duties in areas not related to their instructional or service assignments. The Association President shall be provided a separate office with appropriate desk(s), chairs, and bookcases. The District shall be reimbursed for any telephone expenses incurred by the Association.

The District shall provide 2.9 reassigned time for the Association each semester to be distributed as determined by the Association with the caveat that no one person receives more than a .6 of this allotment, except for the President during the fall and spring terms. The Grievance Chair shall receive .2 of this allotment. The District further agrees to allow a maximum of four (4) days of paid leave of absence per year to the Association President or his/her designee to perform Association business. The District shall be notified at least five (5) days in advance of when such leave is to be utilized.

In addition, the District shall provide a maximum of seventy (70) hours at the faculty hourly rate (Appendix B) for the Association during the winter and/or summer intersession. These seventy (70) hours will be distributed at the discretion of the Association President, with a maximum of fifty (50) hours for use by the Association President. This compensation is provided for necessary contractual, legitimate, or agreed upon college business. The Association President and others selected by the Association President will provide a timesheet specifying the hours worked and duties performed by the last day of the winter and/or summer intersession.

G. The Association shall have representation on all college committees which deal in any area which may affect working conditions as defined by the Educational Employees Relations Act.
H. Service on the RCCDFA/CCA/CTA/NEA Executive Board shall be credited towards District committee assignment responsibility.
ARTICLE V – ASSOCIATION MEMBERSHIP AND PAYROLL DEDUCTION

A. The District will make payroll deductions of Association membership dues and fees for certificated employees who have authorized said deductions in writing. Such authorization shall continue until revoked in writing as set forth in Section D of this Article. No increase in the dues or fees to be deducted shall be made unless the Association provides thirty (30) calendar days advance notice in writing, and the authorization form permits such increase.

B. Upon written authorization from the employee, the District shall deduct from the salary of such employee and make appropriate remittance to credit unions, annuity plans, the United Way, or any other plans or programs jointly approved by the Association and the District.

C. The District shall not be liable to the employee or the Association or have any responsibility for these funds beyond transmittal in accordance with this Article. Subject to Section D of this Article, the employee must give not fewer than two (2) weeks written notice to commence or terminate the deductions covered in this Article.

D. Certificated employees within the bargaining unit who voluntarily have on file with the District an unrevoked dues deduction authorization as of a date fifteen (15) days after the execution date of this Agreement or who thereafter voluntarily execute a dues authorization card specifically authorizing the Riverside Community College District to deduct membership dues shall be able to revoke such authorization during the term of this Agreement only as set forth hereafter:

1. Sending a signed, written notice to the Association, with a copy to the District, during a period not more than sixty (60) calendar days nor fewer than fifteen (15) calendar days prior to June 30 of each year, or

2. Requesting approval of the Association’s Executive Board to revoke authorization to deduct dues because the member is experiencing extreme financial hardship.

Any such revocation under subsection 1 will be effective on the following July 1. In the expiration year of this Agreement, the provisions of Government Code Section 540.1 (i) on revocation shall also be applicable. Any revocation under subsection 2 will become effective two (2) weeks after the District receives both official notice from the Association and written notice from the employee.
ARTICLE VI – NON-DISCRIMINATION

A. Neither the District nor the Association shall, in violation of the law, discriminate against any employee on the basis of race, color, creed, age, sex, sexual orientation, national origin, mental or physical disability, political affiliation, lawful political activity, marital status, relationship to a present employee (except where such would lead to one family member being in a potential conflict of interest with another family member), membership or lack thereof in an employee organization, or participation or lack thereof in the activities of any employee organization.

B. Violations of this Article shall not be subject to the grievance procedure except as they relate to violations of other specific provisions of this Agreement or except where no other statutory or administrative remedy exists.
ARTICLE VII – SALARIES

A. The salary schedules for all employees covered by this Agreement will be as shown in Appendices A1, A2, B, C, D, E, F, G, H, I, and L and are effective as of the date indicated on the applicable appendix.

B. Stipends delineated in Appendix D, E and F of the Agreement will be added to the faculty member’s base salary. The specific stipends and reassigned time listed in Appendix D, E, and F of the Agreement will be annually reviewed by the District and the Association.

C. Increase all certificated salary schedules as follows:

1. By 3% + COLA, effective July 1, 2015, to the extent funded by the State.

2. By 2% + COLA (to the extent funded by the State) effective July 1, 2016.

3. By 2% + COLA (to the extent funded by the State) effective July 1, 2017.

4. On the Faculty Hourly Salary Schedule an additional 1% effective July 1, 2015; an additional .50% effective July 1, 2016; and an additional .50% effective July 1, 2017.
ARTICLE VIII – FRINGE BENEFITS

A. The District shall provide the following fringe benefits to all full-time faculty members:

1. For the period from July 1, 2015 to June 30, 2018:

   a. Health insurance coverage for employees and dependents through Kaiser Permanente, Health Net or the RCCD PPO Plan. In order for an employee to elect not to purchase Kaiser Permanente, Health Net, or the RCCD PPO Plan coverage, such employee must provide evidence of alternative health insurance coverage. The employee may elect Kaiser Permanente, Health Net, or the RCCD PPO Plan coverage only once each year and normally such election shall be effective on October 1 of each year.

   b. Dental insurance coverage for employees and dependents in the Delta Dental Plan of California or some other mutually agreed upon program. All employees shall participate in the program. The District shall maintain benefits equivalent to those provided on the effective date of this Agreement and shall pay for any increased premiums during the term of this Agreement.

   c. A Voluntary Vision Plan is available for qualified full-time and part-time faculty.

2. The District agrees to provide Delta Dental coverage of $2,000.

3. The District shall provide Group Life Insurance coverage in the amount of $50,000.

4. The District will not pay on behalf of employees: TSA contributions; accident insurance premiums; salary continuation insurance premiums; or any fringe benefit premiums not specifically listed in revised Article VIII. However, employees may participate in such plans through payroll deduction at the employee’s expense. Any plans or insurances not previously the subject of contributions or deductions shall be added only with the mutual consent of the District and the employee.

B. Part-Time Faculty Health Benefits

1. The District agrees to participate in the AB420 part-time faculty health benefit plan by offering single employee coverage in the least expensive HMO plan of the District to those part-time faculty who request it.
ARTICLE IX – CALENDAR

A. The Association and the District shall exchange proposed calendar(s) for the following academic year by the first Monday in October. The Association will consult and confer with the Academic Senate in developing the Association’s proposed calendar(s). The final adopted calendar(s) shall be subject to the approval of the Association and the District. The parties shall make every reasonable effort to complete this process by the first Monday in December.

B. In accordance with Article X, Hours of Work and Faculty Load, full-time faculty members must complete their annual faculty assignment within the semesters or intersessions of the academic year. If the District offers a summer intersession, full-time faculty may complete part of their annual teaching assignment during the summer intersession. This does not obligate the Board to offer a summer intersession; therefore, unfulfilled load will be assigned during the next term.

Unless otherwise agreed upon, faculty will complete 24 hours per academic year of professional development (FLEX). The staff development days may be taken at any time during the year (July 1 through June 30) when not in conflict with contractual obligations. The 2015-2016 calendar as well as a side letter explaining implementation of the calendar under the compression is included in Appendix J. In addition to the teaching days, each continuing faculty member shall have one service day for staff meetings, and/or in-service training. New faculty members shall have two service days, over and above the teaching days, for the purposes of orientation.

C. The District, at its discretion, may extend the semester and intersession calendars to meet the needs and/or requirements of special programs (e.g., Cosmetology, Administration of Justice, Nursing, Weekend College, etc.).

D. The responsibilities of all faculty members shall continue until all final grades and attendance reports are submitted and the District checkout procedures are completed. There shall be no additional pay for completing these responsibilities after the end of the semester or intersession.

E. All holidays which fall within any paid leave period shall not be counted as paid leave days as set forth in Article XIII unless the applicable leave policy measures the leave in terms of calendar days or months.

F. Any date within the calendar declared by the State to be a mandatory legal holiday shall be observed as such.
ARTICLE X –
HOURS OF WORK AND FACULTY LOAD

A. The expected work week for all full-time faculty, counseling faculty, library faculty, and student activity coordinators shall be five (5) days producing an average weekly workload of 40 hours. In cases where the regularly scheduled instructional duties fall on less than five (5) days, faculty are not excused from institutional service. The presumption is that faculty are available and accessible throughout the work week. However, full-time faculty cannot be required to work before 8 a.m. or after 4 p.m. unless the faculty member’s job description expressly requires duties beyond these hours.

B. Full-time faculty with a partial contract shall be available and accessible for these same duties for periods of time proportionate to the contract held.

C. Full-time and part-time faculty, counseling faculty, library faculty, and student activity coordinators as part of their regularly scheduled contracts may be given assignments throughout the hours in which the College is in operation. Assignments of classes and teaching schedules shall be determined through coordination between the faculty members concerned and the Department Chairs, subject to the approval of the Dean of Instruction and/or the Vice President Academic Affairs. The District agrees there shall be a minimum of eleven (11) hours between the end of the last assigned class on one day and the first assigned class the next day unless the faculty member otherwise consents. The District also agrees that it will not for arbitrary or capricious reasons assign someone to a schedule that has such employee teaching both at the beginning and end of the District’s operational day.

D. One (1) annual faculty Full-Time Equivalent (FTE) shall be equal to a faculty assignment falling within a range of 1.9333 to 2.0666. Each full-time faculty member shall be assigned up to one (1) annual FTE per year. With the consent of the faculty member involved, the range may go beyond 2.0666 FTE per year without the additional assignment being considered overload. The District may assign a reduced workload without a commensurate reduction of pay where, in its judgment, a faculty member’s workload, though technically within one (1) annual FTE, becomes excessive due to unusual circumstances.

E. Distance Education is recognized as an alternative mode of delivery that meets the needs of a diverse student population. The limitation on contract load that can be taught fully on-line is up to .6.
F. The following principles shall be used when making assignments:

1. Lecture and Theory course 18 hrs. (contact hour) = 0.0666 FTE  
   (each hour = .0037 FTE)  
   (54 hours = .2000 FTE)

2. Laboratory Classes Requiring Extensive Preparation and Student Evaluation 18 hrs. (contact hour) = 0.0666 FTE  
   (each hour = .0037 FTE)  
   (54 hours = .2000 FTE)

   a. Such classes, in addition to requiring planning and more than general preparation on the part of the instructor, also require that the student learn basic skills in order to be an effective participant in the class.

   b. Typically such classes have as a primary function the teaching of new and additional concepts which are more than reinforcement of principles taught in the lecture component of the course. An extensive lab class may be thought of as a stand-alone course, requiring extensive homework assignments and exams.

   c. Criteria for determining an extensive preparation laboratory are as follows:

      1) The laboratory class requires the active continuing presence of the instructor with ongoing involvement in lecturing, demonstrating, or assisting the students;

      2) The laboratory class requires extensive student preparation from text and lecture material prior to and after each laboratory session;

      3) The laboratory class requires evaluation of student performance on a regular basis in the same manner as in non-laboratory classes;

      4) The laboratory class requires the instructor to see that it is related to and correlated with an extensive classroom lecture program and is supplemented with assigned readings in texts;

      5) The laboratory class requires that instructors are involved with professional development, equivalent to that in lecture courses, in order to maintain proficiency in the areas covered
by the laboratory work;

6) The laboratory class is described in the course outline of record which clearly identifies compliance with the criteria above;

7) The laboratory class is comparable to similar labs in at least some community colleges and four-year institutions in the state of California, by one-to-one equivalency or by use of laboratory or teaching assistants.

d. For the purposes of this Agreement, all current designated extensive preparation laboratories will retain their status unless changes occur via the curriculum approval process. During the normal program review process, the discipline faculty will examine the laboratory classes to see that they meet the express definitions in Article X, Section F, 2, a and b, and the specific criteria of Article X, F, 2, c, (1) through (7) above. Any decision to change the status will be made by majority vote of the members of the affected discipline and forwarded for consultation to the Vice President of Academic Affairs at each college where the course is offered, and next to the appropriate curriculum committees for approval. A proposed change in designation will be forwarded to the Vice Chancellor, Educational Services for endorsement prior to going to the Board for final approval.

e. Clinical laboratories in the Nursing Education Department are designated extensive preparation for full-time faculty and are designated regular laboratory for part-time faculty because of the different nature of the duties.

3. Laboratory, Activity, and Performance Classes:
   1 contact hr. = 0.0500 FTE
   (each hour = .0028 FTE)
   (54 hours = .1500 FTE)

Laboratory and activity courses are those having as their primary function the development and practice of skills, and the participation in some activity and/or preparation for public performance or varsity athletic contest. In addition, defensive tactics, physical training, and all practical exercises in the Administration of Justice and Fire Science basic schools shall be included in this section.
4. Counseling Faculty, Library Faculty, and Student Activity Coordinators:
18 hrs. = 0.0333 FTE.
(each hour = .00185 FTE)
(54 hours = .1000 FTE)

a. Counseling faculty shall be assigned an average full-time
counseling assignment that results in thirty (30) hours of duties
per week. Thirty (30) assigned hours shall include, but not be
limited to, student appointments, walk-in counseling, student
orientation and testing, special projects, department meetings,
and 2.5 hours of office preparation (prorated for counseling
assignments less than 1.0000 FTE per semester). Library faculty
and student activity coordinators shall be assigned an average
full-time assignment which results in thirty (30) hours of duties
per week. The duties described in Section H are in addition to
such 30 hours.

b. Counseling faculty, library faculty, student activity coordinators,
and specific coordinators and directors who have responsibilities
outside the normal fall and spring semesters will have 186 service
days (10 additional six (6) hour service days beyond the standard
faculty calendar). These ten (10) additional service days will be
compensated prorate and be included in the faculty member’s
base pay for STRS purposes. Except by mutual agreement,
these faculty members shall be guaranteed a period of six (6)
consecutive weeks free of duty either between the spring and fall
semesters or between the fall and spring semesters.

c. The College will determine the dates and level of need for
additional service outside of the normal fall and spring semesters;
and then the faculty will indicate their ten (10) additional service
days by College on the basis of seniority, except in areas where
faculty have special assignments. These ten (10) additional
service days will be indicated in the development of the Annual
Teaching Assignment.

d. If the college determines need for additional service, it will staff
such positions (1) by requesting full-time faculty to volunteer
service at the appropriate rate from the summer or hourly
schedule or as replacement for days otherwise assigned during
the regular school year, at the faculty member’s discretion, or (2)
by recruiting part-time faculty at the appropriate hourly rate.
5. Large Group Instruction

In those areas where large group instruction is effective and mutually agreed upon by discipline, the affected faculty member, department chair, division dean and college Vice President of Academic Affairs, compensation will be paid based on enrollment at census as follows:

- 55 - 69 = .025 FTE compensation in the form of additional salary
- 70 - 89 = .050 FTE compensation in the form of additional salary
- 90 - 120 = .1000 FTE compensation in the form of load

For classes 90 - 120 for part-time faculty, one (1) lecture hour will equal one and one-half (1.5) hours for the purposes of hourly compensation. This formula does not apply to classes offered through other alternative delivery systems.

6. Course Caps

The District agrees to maintain, at all locations, current course caps in all lecture, activity, and laboratory courses—unless the members of the affected district-wide discipline, the Vice President of Academic Affairs and President at each college where the course is offered, and the District Vice Chancellor, Educational Services agree to change current practice.

7. Additional or Revised Courses

Subsequent to the adoption of this article, all courses introduced into the curriculum or revised through the program review process shall be assigned one of three designations: Lecture and Theory Course; Extensive Preparation Laboratory; or Laboratory, Activity or Performance Class. This designation will be approved by the College and/or District Curriculum Committee prior to the time the course is presented to the Chancellor for action by the Board of Trustees.

8. Work Experience

a. A contract assignment involving the instruction and supervision of work experience classes shall be calculated on the basis that each block of ten (10) students supervised shall equal 0.0666 FTE (10 students = 0.0666 FTE). A work experience instructor employed on an hourly or an overtime basis shall be paid solely on a per student basis as set forth in Appendix I.

b. An instructor may receive no more than 0.2000 FTE for Work
Experience Supervision as overload on part-time hourly pay. Exceptions to be determined by the District.

c. Full-time faculty members may carry as a portion of their contract load whatever FTE is agreed to by the District.

9. Weekly Student Contact Hours

a. The district-wide goal shall be an average of 525 Weekly Student Contact Hours (WSCH) per full-time equivalent faculty (FTEF) for the fall semester, and 500 for the spring semester, calculated as of the first census date of the respective semester. Department or program WSCH/FTEF goals will be established by the District after meaningful consultation with the appropriate department, discipline, and Dean of Instruction. These goals shall be consistent with the nature of instruction and with the specific mix of offerings for the department or program. If the average number of WSCH/FTEF is below 525 or 500, as the case may be, after meaningful consultation with the appropriate Department Chairs and faculty members, the District will accomplish the WSCH/FTEF goals as it is practicable to do so by adjusting maximum class sizes and/or teaching assignments.

b. Implementation of the District weekly student contact hour/faculty full-time equivalent goals shall be accomplished through meaningful consultation within the respective departmental structure. Consultation will involve, among others, the respective college Presidents, Deans of Instruction, appropriate Department Chairs, and faculty members.

c. It is recognized that the establishment or achievement of any WSCH/FTEF goal must actively seek to promote good education. Hence, any changes in class size or scheduling of offerings will take into account the nature of instruction, the availability of student instructional stations in classroom and/or laboratory facilities, student demand for offerings, program or sequence requirements, and the overall instructional integrity of the District. It is the intent of the District in attempting to reach the WSCH/FTEF objectives to keep to a minimum significant alterations in overall District policies.

d. The District and the Association agree that the efficiency calculation currently being used by the District to adjust for the compressed calendar cannot be used to implement this section of the contract. Further conversation will take place between the
G. Multiple Campus/Center Teaching Assignments

The District and the Association agree that multiple college/center/facility teaching assignments for full-time faculty are not in the best interests of the District. Full-time faculty shall not be required to teach at multiple colleges/centers/facilities unless a significant staffing emergency exists or a full-time faculty member is not otherwise able to make load. The District will attempt to fill multiple college/center/facility assignments with volunteers and/or part-time faculty. If no volunteers or part-time faculty exist, the District shall then select the least senior member from the discipline involved. For inter-facility responsibilities required by the District, faculty will be reimbursed for mileage based on IRS regulations.

H. Institutional Service

In addition to teaching and service hours heretofore described all full-time faculty, counseling faculty, library faculty, and student activity coordinators shall complete the balance of their expected work week through institutional service. The expectation is that full-time faculty perform five (5) hours of institutional service per week. Institutional service includes, but is not limited to, non-instructional professional responsibilities, such as updating and revising curriculum, participating in improvement of instruction committees, participating in program review and assessment projects and completing these documents, attending department meetings, and participating in discipline activities. It is understood that participatory governance requires robust participation on committees and thus institutional service also includes substantive involvement on college or District committees and work groups (e.g., strategic planning committees, Academic Senate, accreditation, etc.), and/or serving as a club advisor for an active club. Attendance at graduation exercises is required.

I. Office Hours

Each full-time instructor shall maintain at least five (5) office hours per week spread over at least three (3) separate days on campus at reasonable and appropriate times during the assigned academic calendar year to be devoted to student conferences. During the final examination week the faculty member may schedule the office hours in a manner other than on three (3) separate days. A schedule of office hours shall be posted on or adjacent to the faculty member’s office door, and included on the Teaching Assignment form. During a compressed sixteen-week semester, contact and regular faculty shall hold one 60-minute office period for each .2000
FTE of their annual load. Those who teach part of their yearly assignment during the intersessions shall prorate their required office hours (.2000 = 1 hour). A faculty member may elect to hold one (1) virtual office hour, which should be listed on his or her TA as a regularly scheduled office hour.

J. Part-time Faculty

1. Part-time faculty are employed on a semester-by-semester basis (with no contract implications), at the discretion of the District. Those part-time faculty who have performed satisfactory service to the District may, in most instances, receive tentative assignments over new part-time applicants if part-time assignments are available in their area of qualification.

2. Part-time faculty may not exceed 0.6700 in any term (fall, winter, spring, summer) and may not exceed 1.34 in an academic year (fall and spring semesters) subject to interpretation of the California Education Code and Title 5 Regulations. Service as a substitute on a day-to-day basis and service in professional ancillary activities including, but not necessarily limited to, governance, staff development, grant writing, and advising student organizations shall not be considered part of part-time faculty load in accordance with Education Code 87482.5.

3. The District honors its commitment to part-time faculty. After the start of a semester, if a part-time faculty member has a class cancelled or reassigned to a full-time faculty member in the case of special circumstances as determined in consultation with the College president or designee, faculty member, and the Faculty Association, the part-time faculty member shall be compensated for the hours that he/she provided instruction and/or for the first week of instruction, whichever is greater, and will receive compensation for one additional hour for each unit of the course at the lab rate for Group 1, Step 1 of the Faculty Hourly Salary Schedule (Appendix B).

4. The College Professional Development Committee in consultation with the College administration will identify orientation, training, and workshop or professional development opportunities that are available for part-time faculty compensation. A total of three (3) hours compensation may be submitted for payment annually at Group 1, Step 1 of the Faculty Hourly Salary Schedule (Appendix B).

5. To facilitate part-time faculty participation in discipline-directed assessment training, course level and/or program level assessment projects, the District will offer three (3) hours of compensation annually at Group 1, Step 1 of the Faculty Hourly Salary Schedule (Appendix
B). Participating part-time faculty will submit to their respective College Professional Development Committee a self-reflective narrative identifying the application of knowledge resulting from their participation in the three (3) hours of assessment related professional development activities. The results of an individual faculty member’s assessment shall not be used as a criterion of evaluation.

K. Contact Hour

For purposes of this Agreement and calculations of workload measures, a “contact hour” is fifty (50) minutes in an 18-week semester; however, in a compressed 16-week semester, a “contact hour” is sixty (60) minutes.

L. Notification of Teaching Assignment

The colleges shall make reasonable efforts to notify faculty members of their tentative teaching assignments no later than the time at which the initial schedule is submitted for publication. It is understood that such tentative assignments are subject to change. To the extent possible, part-time faculty shall be notified of assignments at least six (6) weeks in advance.

M. Consecutive Class Hours

Faculty members shall not be assigned, in a given workday, more than three (3) consecutive (uninterrupted) lecture or class hours, or more than two (2) lecture or class hours preceded or followed by one (1) laboratory period, or more than two (2) consecutive laboratory periods. Exceptions may be permitted in cases where a faculty member agrees. Excluded from this provision are non-teaching assignments and teaching assignments in activity classes.

N. Preparations

No more than three (3) preparations (different courses) per academic semester, or five (5) per academic year, shall be assigned to a faculty member, except where a faculty member agrees to a different type of teaching assignment, or where program structure dictates otherwise (e.g., Dental Technology, Nursing, Kinesiology).

O. Overload Assignments

1. Full-time faculty members shall be limited to a maximum overload of 0.6700 FTE per term. Classes suitable for overload assignment shall be made available to qualified full-time faculty before being offered to part-time faculty. A full-time faculty member may only replace a part-time faculty member for an overload assignment prior to the first day of class. All instructional and/or faculty duties (including counseling,
consortium/educational partnerships, adult education, contract education, special projects and/or other work) done under the direction of or in the name of the District (whether credit, non-credit, or not-for-credit) for which faculty receive compensation from District resources or from monies paid to the District whether from general or restricted funds shall be calculated as part of faculty load (Article X, Section F) and compensated from the certificated salary schedules, except as articulated in Article XX, Sections G and H. Substitute teaching during any term, special projects work for institutional service in the winter and summer terms, and stipends are excluded from this calculation.

2. Where part-time assignments are available, preference will be given to full-time faculty members who request an overload assignment and meet the minimum qualifications. However, no full-time member will be required to accept an overload assignment.

3. If a class that is part of a full-time faculty member’s contract load is canceled due to insufficient enrollment, the overload assignment of that faculty member shall be counted as the necessary part of the contract assignment.

4. If a portion of a full-time faculty member’s contract load is canceled due to insufficient enrollment, and he/she has no overload assignment to be applied toward the completion of a contract assignment, a similar course(s) shall be reassigned from a part-time instructor on the campus/center where the regular, full-time faculty member has the majority of his/her assignment, unless he/she elects to take the reassignment at another location. Where a reassignment from a part-time instructor is unavailable, similar course or courses shall be reassigned from the overload(s) of full-time faculty members at the campus/center where the regular full-time faculty member has the majority of his/her assignment unless he/she elects to take the reassignment at another location.

5. With the approval of the Vice President of Academic Affairs, faculty members may work an overload before 2:00 p.m. if one is available, if it is in the best interests of the College, and if it does not interfere with other professional obligations listed in Article X, Section H.

6. When it appears that a faculty member has exceeded the limitation, the exception will be referred to a committee of two (2) Association and two (2) Administrative designees who will make a recommendation for stopping the exception prospectively, including reduction of overload to compensate for past excess.
P. Negotiating Reassigned Time and Special Projects

Reassigned time will be negotiated for possible “contractual” status before the third consecutive 16-week term in which the same position is provided reassigned time. In any agreement reached from such negotiations, the type of work expected, the amount of work, and the purpose for the reassigned time must be stated. Should the reassigned time become “contractual,” the parties agree that, at the request of either party, the reassigned time issue can be reopened if there is a change in working conditions or if the District no longer considers it necessary. The two (2) consecutive 16-week timeframe will be measured starting July 1, 2015. (All categorical reassigned time, though part of load, is excluded from negotiations even if it exceeds the two (2) semester timeframe. Temporary reassigned time in the areas of accreditation or program/curriculum development that do not exceed four (4) consecutive 16-week terms and summer and winter term reassignments are also excluded.) The District has the right to grant and remove reassigned time to faculty that is not contained in the Collective Bargaining Agreement or “contractual” as set forth above. Any special project that extends beyond two (2) consecutive semesters will be brought to the Association for possible contractual status.

Reassigned time is equivalent to hours spent both for contact and for preparation. For example, a .2 would be 6 hours as it replaces three (3) hours of contact and three (3) hours of preparation.
ARTICLE XI – IMPROVEMENT OF INSTRUCTION AND TENURE REVIEW

A. Purpose of Evaluation

Given that the primary mission of each college and the District is to promote student learning, achievement, and success, strengthening the instructional skills and professional contributions of all faculty members is vital to fulfill our responsibilities to the community, the State, and the relevant accrediting body. As faculty play an essential role in the delivery of instruction and the academic life of the institution, focusing on evaluation for the purposes of continuous improvement is foundational to the life of teaching and learning.

In this article, full-time faculty is described as contract faculty (non-tenure track and tenure-track) and regular (tenured).

1. The purpose of the evaluation procedure set forth in this article is to assess the performance of the College faculty, with emphasis on the strengthening of instruction and pedagogy to make recommendations toward continued employment.

2. For contract faculty, the purpose of evaluation is to monitor and to assist the contract faculty member in meeting the responsibilities for the position under which he/she was hired (as specified in the job announcement), to assess and advise the contract faculty member of his/her professional strengths and areas needing improvement, and to make reasonable efforts to encourage and aid him/her to overcome any deficiencies. The purpose of this process is to determine if the contract faculty member continues to exhibit the professional competencies and qualifications consistent with the job announcement, or assignment made by the College in the intervening time, and to contribute such information to the process of decision making for the retention of contract faculty.

3. For regular faculty, the purpose of evaluation is to strengthen the instructional skills and professional contributions of the faculty member.

4. For part-time faculty, the purpose of evaluation is to assess the professional performance of the part-time faculty, to advise the faculty member of his/her professional strengths and weaknesses, and to ensure that the part-time faculty member is teaching the course in a manner consistent with the official course outlines of record and with the standards of the discipline and/or department.
B. Frequency of Evaluation

1. Every contract faculty member shall be evaluated formally during the first semester of employment and in the fall semester of each of the following three (3) years.

2. Every regular faculty member shall be evaluated once every three (3) years, usually in the spring semester.

3. Every part-time faculty member shall be evaluated during the first term of hire (winter and summer included), once each year for the next two (2) years, and at least once every three (3) years thereafter. However, if a part-time faculty member and is assigned a class at a second college in the District within this cycle, that college shall have the right to evaluate the part-time faculty member in the first semester at that college. The evaluation at the second college shall reset the cycle. When a part-time faculty member teaches at two (2) or more colleges within the District when the regular evaluation is due, then the department chairs or their designees at each college should confer to determine which college will perform the evaluation.

4. If a part-time faculty member does not have an assignment for a year, upon return the evaluation cycle will begin as in the first term of hire and thereafter, following a satisfactory evaluation, the three-year cycle will resume. If the break in service in the District is more than a year, the part-time faculty member shall be evaluated consistent with the process for a newly hired part-time faculty member.

5. Categorically funded faculty shall be evaluated during the first semester of hire and once every three (3) years thereafter, usually in the fall semester in a manner consistent with the evaluation process for contract faculty. Participation in the evaluation cycle does not obligate the District to rehire or grant tenure to faculty who are categorically funded.

C. Evaluation Procedures

1. For Contract Faculty

   a. A tenure review and evaluation committee shall be formed and meet during the first six (6) weeks of employment. This committee shall serve as a standing committee until the contract faculty member is granted tenure or has his/her contract non-renewed. The committee shall consist of three (3) tenured faculty in the contract faculty member’s discipline (or closely related discipline
if tenured faculty are not available in the District), the Department Chair or designee, and an academic administrator, who will chair the committee. Department Chairs shall appoint the tenured faculty members to the committee. At least one tenured faculty member who served on the contract member’s initial hiring committee shall be appointed. If a vacancy on the committee occurs before the committee has completed its responsibilities, a replacement tenured faculty member shall be selected by the Department Chair or, if an administrator, by the President or his/her designee. All tenured faculty have a professional obligation to serve on one or more tenure review committees as part of their professional responsibilities. They may serve, but are not required to serve on more than two (2) committees. The contract faculty member undergoing review shall be present at all meetings of the review committee.

b. The committee’s primary duty is to make a recommendation regarding the contract faculty member’s continued service to the District. The committee should assist the contract faculty member in meeting and fulfilling the job-responsibility criteria set forth in the job announcement under which the contract faculty member was appointed. Using the criteria in the advertised job announcement, the committee, in consultation with the contract faculty member, shall establish: (1) the scope, and process will follow in evaluating the performance and professional competencies of the contract faculty member; and (2) the manner by which the contract faculty member can receive assistance during the evaluation process. The committee chair will send a written record of the scope and process determined to all committee members and to the contract faculty member within five (5) working days of the committee’s initial meeting. At the request of the faculty member undergoing review or member(s) of the tenure and evaluation committee, the committee may convene during spring as a follow up to the formal review completed during the fall semester.

At a minimum, the review committee’s yearly report shall include written administrative and peer reviews from classroom visitations from each member of the committee, student surveys of all classes (or alternative instruments for non-teaching faculty), establishment of tentative professional growth goals, evidence of subject-matter proficiency, and review of faculty syllabi as a mandatory component during the faculty evaluation process. The review shall include, but is not limited to, adherence to course outlines of record; timeliness and accuracy of census reports, positive attendance, grade rosters and other reports for which
he/she is responsible; participation in assessment of student learning outcomes and/or programs (SLO/PLO assessment results for individual instructors will not be included); fulfillment of flex-time obligations, fulfillment of institutional service as outlined in Article X, Section H, and a self-reflective narrative statement that includes non-instructional duties. This narrative statement should address institutional service and how the faculty member fulfills this obligation. Other non-instructional duties for which a faculty member receives reassigned time should be explained in the narrative. Elective and representative duties can only be discussed for non-evaluative purposes. Discussion of duties associated with other reassigned time cannot form the basis for a needs improvement determination. Any other discussion of the report is limited by the scope of the evaluation.

The review by the committee may include exploration of alternative delivery methods including computer, video, Internet and web resources or other electronic media; communication skill both oral and written. (During the first contract year institutional service is primarily fulfilled through participation in new faculty activities.)

Each member of the committee shall write a narrative statement supporting his/her overall judgment of the contract faculty member’s fulfillment of the job responsibilities as outlined in Article X. After completion of the formal report, the committee may review, for informational purposes only, the contract faculty member’s grade distribution and retention statistics. This information shall not be part of the formal review process or report.

c. The committee shall not include documents other than those produced or requested by the review committee in the tenure record, except by agreement of the members of the committee. Contract faculty members have the right to respond in writing to any documents placed in the tenure review and evaluation record.

d. Continuation of Contract: By the end of the first semester of employment and by the end of the fall semester of each year thereafter, by majority vote, the committee shall make a recommendation for renewal or non-renewal of contract to the College President for action as specified under the law. If a decision is made for non-renewal of a contract faculty member’s employment by either the review committee or the College President, the faculty member should be notified no later than December 10th. The faculty member may file an appeal no later
than the first work day in January. A written rationale for the appeal must be included, which will be included in the tenure-review record. Such appeal committee shall consist of the Chancellor’s designee, the Association President or designee, and the most senior tenured, available member of the faculty member’s discipline or closely related discipline not on the evaluation committee.

The appeal committee will determine the scope of the review, which should include, but is not limited to, a review of the complete tenure review record and the written rationale for the appeal. The appeal committee must forward its written recommendation along with any dissenting opinions to the Chancellor no later than February 10th. The Chancellor’s recommendation to the Board of Trustees shall include the complete written tenure-review record, the appeal committee’s findings, and any dissenting opinions.

e. Tenure: By the end of the fall semester of the third or fourth year, by majority vote, the committee shall make a recommendation for tenure to the administration for action as specified under the law. Committee dissenting opinions or differing opinions must be included with the recommendation of the majority. The entire record of tenure review shall be forwarded to the College President. If a recommendation for non-tenure is going to be forwarded to the Chancellor, the faculty member must be notified by December 10th. The faculty member may file an appeal no later than the first work day in January. A written rationale for the appeal must be included, which will be included in the tenure-review record. Such appeal committee shall consist of the Chancellor’s designee, the Association President or designee, and the most senior available, tenured member of the faculty member’s discipline or closely related discipline not on the tenure review committee.

f. The appeal committee will determine the scope of the review, which should include, but is not limited to, a review of the complete tenure review record and the written rationale for the appeal. The appeal committee must forward its written recommendation along with any dissenting opinions to the Chancellor no later than February 10th. The Chancellor’s recommendation to the Board of Trustees shall include the complete written tenure-review record, the appeal panel’s findings, and any dissenting opinions.

2. For Regular Faculty

a. The College Dean of Instruction shall establish a peer review committee during the spring semester for each regular faculty
member undergoing review. The committee shall consist of two (2) faculty members from the regular faculty member’s discipline or a closely related discipline and an academic administrator in consultation with the faculty member undergoing review. If the Department Chair is undergoing review, the second member of the committee shall be selected by the Assistant Chair or in the absence of an Assistant Chair by the most senior member of the faculty member’s discipline or department at the College. In most instances, the person undergoing review should not be asked to serve on another improvement of instruction committee. One (1) member shall be selected by the Department Chair and one (1) by the faculty member undergoing review. At least one of the selected members shall be a tenured member of the faculty. The senior faculty member shall chair the committee. Any faculty member who has concerns regarding the administrator designated for the faculty member’s evaluation committee may submit a written objection to the President. The President will select a new administrator in consultation with the Academic Senate President. The faculty member may object only one time and must do so within seven (7) calendar days of notice of the committee composition.

b. The scope and process of the review shall be determined by the committee in consultation with the faculty member under review. The College Dean of Instruction may request that the committee consider factors identified by the administration that affect the faculty member’s performance as a tenured member of the faculty. The review should focus on strengthening the faculty member’s instructional skills and professional contributions to the College. Within five (5) working days, the chair will submit a written record of the scope and process to the College Dean of Instruction, the regular faculty member and the other members of the committee.

c. At a minimum, the scope and process of the review shall include written reviews by members of the committee, student surveys of at least two (2) classes (or alternative instruments for non-teaching faculty), a classroom visitation by at least one of the peer reviewers, and review of faculty syllabi as a mandatory component during the faculty evaluation process. The classes surveyed should represent the different modes of delivery in which the instructor teaches. The review shall include, but is not limited to, adherence to subject matter expertise and evidence of subject matter currency; adherence to course outlines of record; timeliness and accuracy of census reports, positive attendance, grade rosters
and other reports for which he/she is responsible; participation in assessment of student learning outcomes (SLO assessment results for individual instructors will not be included); fulfillment of flex-time obligations, fulfillment of institutional service as outlined in Article X, Section H, and shall include a self-reflective narrative statement regarding non-instructional duties. This narrative statement should address institutional service and how the faculty member fulfills this obligation. Other non-instructional duties for which a faculty member receives reassigned time should be explained in the narrative. Elective and representative duties can only be discussed for non-evaluative purposes. Discussion of duties associated with other reassigned time cannot form the basis for a needs improvement determination. Any other discussion of the report is limited by the scope of the evaluation.

The review by the committee may include exploration of alternative delivery methods including computer, video, Internet and web resources or other electronic media; and communication skill both oral and written. After completion of the formal review process, the committee may review, for informational purposes only, the faculty member’s grade distribution and retention statistics. This information shall not be part of the formal review process or report.

d. At the conclusion of each review, the committee shall prepare a written report that includes a cover sheet where each reviewer shall state whether the faculty member’s performance is “satisfactory” or if there is a “need for improvement.” The faculty member shall be given a copy of the report and shall sign the report to indicate that he or she has received it. If the majority of the reviewers determine that the regular faculty member needs improvement, the committee will indicate, as part of the formal report, the specific instructional and/or non-instructional areas to be improved. If the administration or the regular faculty member disagrees with the recommendation, either the College administration or the regular faculty member may request that the matter be reviewed by a three (3) person appeal committee. Such committee shall consist of the College President, the College Academic Senate President, and the Association President, or their designees. If the majority of this appeal committee determines that further review is needed, the matter shall be referred to the review committee as hereafter set forth. The faculty member being evaluated may file a written disagreement to be included in the formal report.

e. In the event that a majority of the committee determines that
there is a “need for improvement,” a second review committee, as set forth hereafter, shall be established. The committee shall consist of three (3) tenured faculty members from the evaluatee’s discipline (or closely related discipline if no faculty are available in the District) in order of seniority; the Department Chair/Assistant Chair; and an academic administrator, who will chair the committee. The second review committee shall establish the scope of the review, which shall be reduced to writing within five (5) working days. The second review committee may conduct any type of administrative, peer, and/or student evaluation it deems necessary in assessing the faculty member’s performance and providing guidance for improving instruction and/or professional performance that was identified as needing improvement by the first review committee. Unless the faculty member requests and the review committee agrees, the review shall begin in the semester following the semester in which the “need for improvement” rating is received.

f. The second review committee shall prepare a written report which shall provide a determination of “satisfactory” or “unsatisfactory.” The overall rating shall be by majority vote, but each member of the committee shall designate the rating he/she believes is appropriate. Within 15 days of the receipt of the written report, the faculty member may file a written disagreement. If a majority of the second review committee determines that the faculty member’s performance is “unsatisfactory,” the committee shall determine specific objectives and/or goals and remediation plan, in consultation with the faculty member, to help the faculty member remediate and eliminate the areas of deficiency or area(s) in need of improvement specified by the peer reviewers. The second review committee may recommend only one (1) additional review, which shall begin no later than one (1) year from the date of the first report. This second review committee shall establish a specific remediation plan and shall determine, within the timelines established by the committee and in consultation with the faculty member, whether or not the faculty member has met the specific objectives set forth in the remediation plan. A written report shall be sent to the President of the College and to the faculty member. If the majority of the second review committee determines the objectives and remediation plan have not been met, there shall be no further review. The matter will be referred to the President for administrative determination.
2. For Part-Time Faculty

a. Prior to initiating the improvement of instruction process, Department Chairs shall notify part-time faculty members that they are undergoing review.

b. The scope and process for the review shall include classroom observation, student surveys of all classes, review of faculty syllabi as a mandatory component during the faculty evaluation, and a Department Chair’s report. The review shall be directly related to the part-time faculty member’s performance and may include, but not be limited to, subject matter expertise, communication skill both written and oral, adherence to course outlines of record, and timeliness and accuracy of required census reports, positive attendance, grade rosters and other reports for which the faculty have responsibility.

c. The Department Chair or designee shall conduct a classroom observation and complete a written report, which will include a review of the student surveys.

d. The Department Chair shall prepare the final report that may include appropriate comments and recommendations to be discussed with the part-time faculty member.

e. After completion of the evaluation review, the Department Chair may review, for informational purposes only the faculty member’s being evaluated grade distribution and retention statistics. This review shall not be part of the formal process or report.

f. A copy of the evaluation review report shall be provided to the part-time faculty member, who will sign it to indicate that he or she has received the report. The part-time faculty member may submit a written disagreement to the Department Chair within fifteen (15) working days of receiving the report.

g. The signed report (and written disagreement if submitted) shall be sent to the appropriate College Dean of Instruction for review and then forwarded to the Office of Human Resources and Employee Relations to be included in the part-time faculty member’s permanent file.

h. If a part-time faculty member, with at least four (4) fall and spring terms of service, receives a “needs improvement” evaluation, then the two (2) senior faculty members of the discipline within
the Department shall review the evaluation and, if the two (2) senior faculty members find that the “needs improvement” was not warranted, they will write a written report to be included in the final evaluation. If the “needs improvement” is warranted, the discipline/department may conduct an additional evaluation of the part-time faculty member in the next term an assignment is provided. It is understood that a “needs improvement” evaluation does not in any way guarantee an assignment in the next term.

D. Miscellaneous Matters

1. A faculty member undergoing a second-level review is not eligible to be on an improvement of instruction committee and cannot be required to serve on any other college committee. Nor is a faculty member undergoing a second-level review eligible to receive overload assignments.

2. No regular faculty member shall be required to serve on more than one (1) improvement of instruction committee per semester in addition to the tenure review committees, except in those cases where voluntary participation is not sufficient to carry out the required evaluations. No faculty member shall be required to serve on an improvement of instruction committee during his or her semester of evaluation.

3. The Vice President of Academic Affairs or his or her designee in consultation with the disciplines will develop appropriate student surveys to be used during the faculty evaluation for courses using alternative delivery modes.

4. Only the process, and not the content, of the evaluation shall be subject to the full grievance arbitration process. In the event there is a “non-renewal” decision for a third or fourth year contract faculty member, the content of the evaluation may be grieved by the affected contract faculty member but such grievance shall not be subject to arbitration. In the event there is a decision of “unsatisfactory” for a regular faculty member, the content of the evaluation may be grieved by the affected regular faculty member but such grievance shall not be subject to arbitration.
ARTICLE XII – PERSONNEL FILES

A. The official personnel file of an academic employee shall be maintained at the District’s Office of Human Resources. Said file shall be available for inspection as set forth hereafter and shall be the file upon which any disciplinary action against the employee may be based.

B. Every academic employee shall have the right to inspect his or her personnel file upon request, provided that the request is made at a time when there would be minimal interruption of such person’s services to the District and when the personnel clerk/administrator responsible for files is available to be in attendance. Personnel files, which may be inspected, shall not include such materials as ratings, reports, or records which were obtained prior to the employment of the person involved or were prepared by identifiable examination committee members or were obtained in connection with a promotional examination.

C. Information of a derogatory nature, except materials mentioned in Section B of this Article, shall not be entered or filed unless and until the employee is given notice and the opportunity to review and comment thereon. An employee shall have the right to enter, and have permanently attached to any such derogatory statement, his/her own comments thereon. Such review shall take place during business hours, and the employee shall be released from duty (but not during such employee’s teaching hours) for this purpose without any salary reduction. Derogatory information placed in the personnel file shall identify the source(s) of such information or, alternatively, where the source is a current student and where confidentiality of such source is appropriate, the information shall not be placed in the file unless the supervisor placing the material in the file has conducted an appropriate investigation of the circumstances. In such cases, the supervisor shall set forth the nature of the investigation conducted.

D. Personnel files shall be available for inspection during regular office hours each day the Office of Human Resources is open for business. At least two (2) days each week the office shall be open during the noon hour.

E. All material of an evaluative nature subsequent to employment placed in the personnel file shall indicate the date it was prepared or placed in the file and who was responsible for its preparation.

F. Within thirty (30) calendar days from the date a College/District official, with evaluation responsibility over an employee, is notified of a complaint by a student or member of the public against such employee, the employee shall also be notified of the complaint, or such complaint may not be
entered into the personnel file.

G. Written statements of a positive nature received by the College/District pertaining to the employment performance of a faculty member shall be placed in the faculty member’s personnel file upon the faculty member’s request.

H. If subsequent to the entry of derogatory information into the personnel file the College/District determines that the information is inaccurate in some respect, a statement setting forth the correct information shall be permanently attached to the statement containing derogatory information, and the employee shall be provided a copy.
ARTICLE XIII – LEAVES

The benefits that are expressly provided by Article XIII are the sole leave benefits which are part of this collective bargaining agreement.

A. Definitions

1. “Paid Leave of Absence” means that an academic employee is entitled to receive wage and fringe benefits to which the employee is normally entitled except as otherwise noted in this Agreement. Full-time faculty members on paid leave will receive credit for annual salary increments provided during leave.

2. “Unpaid Leave of Absence” means that an academic employee shall not receive wages and fringe benefits during the period of leave. Full-time faculty members who begin an unpaid leave during any pay period shall receive fringe benefits provided for in this Agreement for the balance of that pay period. After that pay period, payments for fringe benefits by the District will cease. After such cessation, employees, while on unpaid leave status, shall be allowed to continue such coverage at their own expense, where such is permitted by the terms of the insurance plan, provided they make advance payment of the premium in the manner established by the District. Where an employee is on unpaid leave during a school year for the equivalent of one (1) semester or more, he/she shall not receive a step increase for such year.

B. Sick Leave (Paid Leave)

1. All full-time faculty members employed on a ten-month basis shall be entitled to ten (10) days of sick leave per College year. Sick leave accrual and use shall be calculated and posted to the employee’s record on the basis of one-half (1/2) or full-day increments and not in any other portion. Sick leave is cumulative indefinitely and shall be transferable, upon request by the employee, between school and community college districts pursuant to the Education Code.

2. On the first day of every college year, each full-time faculty member shall be credited with a sick leave allotment equal to that employee’s sick leave entitlement for the College year. An employee may use such credited sick leave at any time during the College year, in accordance with the provisions of this Agreement.

3. Full-time faculty whose assignment is less than full-time shall be entitled
to sick leave on a basis proportional to that of a full-time employee.

4. Sick leave is allowed for part-time hourly academic employees on an earned, accumulative basis of one (1) hour of sick leave, with pay, for each eighteen (18) hours of teaching. In the event a class is not taught due to a scheduled holiday, the hour or hours normally taught on such day shall count in such computation. Accumulated sick leave is lost if the teacher has a break in service with the District of two (2) years or more. Sick leave earned by part-time hourly academic employees may not be added to sick leave earned by regular and contract faculty.

5. For full-time faculty the usage of sick leave earned while teaching an overload assignment or teaching during an intersession will be reported in hourly increments, except when a full-time faculty member is using the Intersession Salary Schedule (summer pay) usage of sick leave is reported in half (1/2) day increments. For part-time faculty, usage of sick leave will be reported in hourly increments.

6. Accrued sick leave shall be reduced only for time lost wherein the employee would otherwise be required to render service to the District. An employee may use sick leave for disabilities caused or contributed to by pregnancy and recovery therefrom, for absence due to an appointment with a physician or dentist, and when quarantined by the County or City Health Department because of another’s illness.

7. A statement from a physician verifying the employee’s illness may be required by the Vice Chancellor, Human Resources and Employee Relations. In those cases where an employee is aware that he/she will be absent for twenty (20) days or more, the employee shall notify the immediate supervisor of the situation and shall be required to provide the District with a statement from the employee’s physician confirming the disability and prognosis, and an estimate of the anticipated term of absence. When that term is indefinite, a subsequent statement may be required by the District. In such cases and prior to the employee’s return to such employee’s assignment, a statement from the physician verifying the employee can return to the employee’s assignment without detriment to the employee or others must be submitted to the Office of Human Resources by the employee.

8. When an employee has used all or a portion of the sick leave allowable and subsequently fails to serve the District for the balance of the College year, an appropriate dollar amount shall be deducted from the employee’s final salary warrant. The appropriate amount shall equal the employee’s daily rate of pay, times the number of sick days used, but not covered by earned sick leave. This section shall not be
construed to affect amounts an employee may be entitled to receive under Section C and D of this Article.

C. Extended Illness Leave (Paid Leave)

When a full-time faculty member has been sick for an extended period of time, and accumulated sick leave is not available, or the employee makes the election provided below, the employee shall be paid 50% of the employee’s regular salary, whether or not a substitute is employed. This benefit shall apply for up to five (5) calendar months for any illness in any College year. The five (5) month period begins for the first illness in any College year on the day of absence following the last day of sick leave earned during that year, except that if the employee has more than twenty (20) days of earned sick leave accumulated, the five (5) month period shall not begin until the twenty-first day of absence. An employee with more than twenty (20) days of accumulated sick leave may elect as of the twenty-first day of absence or thereafter to receive this extended illness benefit and not to use up his/her remaining accumulated sick leave account while receiving this benefit. Any such election must be in writing. If the election is made after the twentieth day, the period of this extended illness leave benefit shall be reduced by the same number of days as there are between the twentieth day and the day written election is received.

D. Industrial Illness and Accident Leave (Paid Leave)

Employees covered by this Agreement who are absent from duty because of industrial illness or injury qualifying for worker’s compensation and who have been continually employed by the District for at least one (1) year may be granted up to sixty (60) working days of Industrial Illness and Accident Leave. Such leave shall not be accumulative from year-to-year.

1. An employee shall be deemed to have recovered from an industrial illness or accident and thereby able to return to work at such time as the employee’s physician verifies that there has been such a recovery. The District, at its own expense, may require the opinion of another physician.

2. When an employee is absent from duties because of industrial illness or accident, the employee shall be paid such portion of the salary due such employee for any month in which the absence occurs as when added to the employee’s temporary disability indemnity will result in a payment to the employee of not more than such employee’s full salary.

3. The employee shall endorse to the District the temporary disability indemnity checks received because of industrial illness or accident.
The District, in turn, shall issue the employee appropriate salary warrants for payment of the employee’s salary and shall deduct normal retirement and other authorized contributions.

4. Any employee receiving benefits under this section shall, during the period of illness or injury, remain in the State of California unless otherwise authorized by the District.

5. Reporting industrial illnesses and accidents shall be the responsibility of the employee so afflicted. Such report shall be made to the District Office of Human Resources within twenty-four (24) hours of the time of the accident or the start of the illness, unless exceptional circumstances preclude such notification.

6. Upon termination of the sixty (60) days of leave authorized by this section and if the absence continues, the employee may use that portion of accumulated sick leave to maintain income equal to the regular salary paid by the District. However, an employee may not receive income in an amount which exceeds that employee’s regular salary.

E. Bereavement Leave (Paid Leave)

1. A full-time faculty member shall be eligible for a temporary leave of absence for the death of any member of his/her immediate family, without loss of salary. This leave will not exceed three (3) consecutive scheduled workdays. In the event of the death of an employee’s parent, spouse, or child, said leave shall be up to five (5) consecutive scheduled workdays. If out-of-state travel or travel of more than three hundred (300) miles one way is required, two (2) additional consecutive days will be authorized. The additional days must be requested prior to or during the authorized bereavement leave.

2. Days of leave, whether paid or unpaid, beyond those described above may be provided under the terms of Personal Necessity Leave as defined in this article. Additional days of leave for bereavement purposes may be granted by the District. Days used shall be taken consecutively unless prior written authorization is obtained from the District.

3. “Immediate Family” for the purposes of this Agreement, means those relatives or step-relatives bearing the following relationships to the employee or the employee’s spouse: son, daughter, spouse, mother, father, sister, brother, grandchild, guardian, foster child, foster parent, grandparent, father-in-law, mother-in-law, daughter-in-law, son-in-
law, stepchild, uncle, aunt, niece, nephew, or any other person living in the employee’s household. At the discretion of the District, other relatives of the employee or employee’s spouse may be considered as immediate family for purposes of bereavement leave.

4. To receive bereavement benefits, an employee must notify his/her Department Chair prior to the start of the next scheduled workday. If such notification is not feasible, then notification must be made as soon as possible. Upon an employee’s return from bereavement leave, the District may require necessary proof that he/she met eligibility requirements for bereavement leave.

5. A part-time faculty member shall be eligible for a temporary leave of absence for death of any member of his/her immediate family, without loss of pay. The leave under this section shall not exceed three (3) consecutive scheduled workdays’ absence, or five (5) consecutive scheduled workdays if out-of-state travel is necessary.

F. Personal Necessity Leave (Paid Leave)

1. An employee may use sick leave in case of personal necessity.

2. For full-time faculty the total number of days used shall not exceed seven (7) for one academic year. For part-time faculty the number is up to a maximum of seven (7) hours per term, including summer and winter intersession not to exceed accrued sick leave.

3. Personal necessity does not require a stated reason.

4. The following limits and conditions are placed upon the use of sick leave for personal necessity:

   a. The days allowed shall be deducted from the number of sick leave days per academic year (10 days).

   b. Personal necessity shall not be granted to employees during leave of absence.

   c. Under no circumstances shall personal necessity leave be available for:

      • personal convenience
      • seeking other employment
      • matters that can be taken care of outside of work hours
      • recreational activities or vacation.
G. Military Leave

Full-time faculty, including faculty teaching overload assignments, and part-time faculty whose District service and recent military service total one (1) full year may be granted a temporary leave for the period of ordered duty providing it does not exceed 180 calendar days (including time involved in going to and from such duty) in one (1) fiscal year.

Eligible faculty members, when temporarily called to active duty or for the purpose of attending training exercises, shall be entitled to be paid their regular salary for the first thirty (30) calendar days of absence for the workdays they are absent from the District. The duty must occur during a paid status month of the employee’s work year.

To qualify for the benefits provided, the unit member must forward a written request for leave, accompanied by a copy of the field order, to the appropriate college administrator prior to reporting for training or duty unless ordered to report immediately. Full-time faculty members working on overload assignments are eligible for the paid leave benefit if their eligible request for assignment was submitted prior to the date of the field order. Part-time faculty must have received an assignment to be eligible for the paid benefit.

A full-time faculty member meeting the requirements prescribed by law may also request and be granted an unpaid military leave under Education Code Section 87700.

For information on health benefits and sick leave during military leave, as well as information on reinstatement upon return from military leave, please refer to Administrative Procedure 7346, Employees Called to Military Duty.

H. Jury Duty (Paid Leave)

1. Full-time faculty members called to jury duty shall be granted up to thirty (30) days of paid leave of absence when required hours of jury service conflict with required hours of service in the District. The District may grant additional jury duty leave days beyond the thirty (30) provided above. Notice of call to jury duty shall be reported to the Office of Human Resources. Juror’s fees, exclusive of mileage allowance, received by the faculty member shall be deposited in the Business Office to the credit of the District.

2. Part-time faculty members called to jury duty shall be granted jury duty leave without loss of pay, provided that payment for jury duty
leave shall not extend beyond the end of the semester or term in which the leave commences or the end of a part-time faculty member’s assignment during the term, whichever occurs first.

I. Court Appearance Leave (Paid/Unpaid)

1. Upon request, employees will be granted unpaid leave or personal necessity leave (up to the maximum allowed) at the employee’s discretion, to appear as a party in court in actions in which the District is not involved or as a witness in a court action pursuant to subpoena. Such request shall be submitted at least three (3) days in advance of said appearance when receipt of court notice so permits.

2. Employees who appear as litigants/complainants against the District in any court action will be granted unpaid leave.

3. Employees appearing in court on behalf of and/or at the request of the District shall be granted paid leave for whatever time such appearances in court cause the employees to be absent from work.

J. Legislative Leave (Unpaid)

1. A tenured employee who is elected to the State Legislature or Congress shall be granted, upon request, an unpaid leave of absence for the length of the term or terms in office.

2. Employees on such leave shall notify the District of intended return at least six (6) weeks prior to the expiration date of the leave.

K. Health Leave (Unpaid)

1. The District may grant an employee a leave of absence without pay for reasons of health. Such leave will be for a period neither less than one (1) semester nor more than one (1) year. A Statement of Need by a physician is required with the application. The District may obtain, at District expense, the opinion of a physician chosen by the District. Probationary or tenure status of an employee requesting health leave will not be affected if such leave is granted.

2. The employee shall notify the District of the employee’s intended return date at least two (2) weeks in advance of the expiration date of the leave.

3. The request to return from a health leave shall be accompanied by a statement from the employee’s physician, indicating that the
employee can return to full-time employment without detriment to the employee’s health. The District may request, at District expense, the opinion of a physician chosen by the District.

4. Employees on health leave may accept a position in another district only upon prior approval by the District.

L. Maternity Leave (Unpaid)

The District shall provide for leave of absence from duty for any full-time faculty member of the District who is required to be absent from duties because of pregnancy, miscarriage, or childbirth, and recovery therefrom. The length of the leave of absence, including the date on which the leave shall commence and the date on which the employee shall resume duties, shall be determined by the employee’s physician and be subject to the District’s approval based upon an evaluation of a physician retained by it. (Disabilities caused or contributed to by pregnancy, miscarriage, childbirth, and recovery therefrom are, for all job-related purposes, temporary disabilities and shall be treated as such under any health or temporary disability insurance or sick leave plan available in connection with employment by the District.)

N. Birth or Adoption of a Child (Unpaid)

In accordance with Education Code section 87784.5 a full- or part-time faculty member may take up to 30 days of accumulated sick leave per school year, less any time taken for personal necessity, to care for a new child. O. Catastrophic Leave Program

The District has established a Catastrophic Leave Bank for full- and part-time faculty in accordance with Board Policy and applicable state law.

P. Sabbatical Leave

Sabbatical Leave, a leave of absence granted by the District not to exceed one (1) academic year to provide the opportunity to prepare for improved services to the District. Sabbatical leave is part of the total professional growth program and should consist of study and/or research or return to industry or business for the purpose of improvement of the individual’s
contribution to the District.

1. Eligibility

   a. Status - Employee must have a status as a regular employee.

   b. Service - Employee must have rendered service in the District in a position or positions requiring certification qualifications for at least seven (7) consecutive years immediately preceding the beginning of the leave. Upon the completion of a sabbatical leave, at least six (6) years of additional service shall precede a subsequent sabbatical leave. Absence from service on a sabbatical leave granted by the Board of Trustees shall not be counted as a break in service. Upon the completion of a one (1) semester leave at least five (5) years of additional service shall precede a subsequent sabbatical leave.

2. A sabbatical leave will fulfill one (1) or a combination of the following purposes:

   a. Coursework and instructional programs – (see Administrative Procedure 7160a for definition)

   b. Professional publications – (see Administrative Procedure 7160a for definition)

   c. Independent study – (see Administrative Procedure 7160a for definition)

   d. Return to industry – (see Administrative Procedure 7160a for definition)

3. Requirements and Procedures

   a. Criteria to be used in the granting of sabbatical leaves are delineated in Administrative Procedure 7160a and 7341.

   b. The President’s recommendation for approval of sabbatical leave to the Board of Trustees via the Chancellor will be contingent upon the availability of qualified personnel to assume the applicant’s duties.

   c. Applications for sabbatical leave must be filed with the Professional Growth and Sabbatical Leave Committee through the Office of the Vice President of Academic Affairs/Educational
Services, for their recommendation to the President no later than February 15 for the following academic year, and no later than May 15 for the following spring semester only. These dates may be waived by the District where timely application is prevented by the procedures of other institutions or governmental agencies. The President shall give notice to the applicant whether the request is granted or rejected within sixty (60) days after these filing dates. In case of rejection, the specific reason(s) shall be provided, in writing, to the applicant upon request.

d. The application must be accompanied by a Certificate of Health signed by a physician, indicating that the applicant is in satisfactory physical condition to undertake the study or research proposed.

e. A sabbatical leave once granted may not be terminated before the date of expiration, except as otherwise provided herein or as otherwise agreed upon by the District.

f. A faculty member on sabbatical leave is ineligible for overload assignments during the period of the leave.

4. Compensation for Sabbatical Leave

a. Salary Status - Absence on sabbatical leave shall count as a regular period of service and shall not interrupt the employee’s progress on the salary schedule.

b. Rate of Compensation - The academic employee who has been granted sabbatical leave and who has complied with the provisions under which such leave was granted will receive 70% of his/her regular faculty salary placement for a full academic year’s leave, or his/her full faculty salary for a semester’s leave. Academic employees on such leaves may be granted leave for the academic year at full faculty salary, provided they perform 30% of their duties during the year.

If it is determined that it is in the best interest of the District and at the sole discretion of the Board, a sabbatical leave at 100% pay may be granted for reasons to include, but not limited to, pursuing study for a terminal degree or to train in a field other than the one of hire so the individual can continue service to the District.

c. An employee on sabbatical leave may work outside the District if that employment will enhance the employee’s contribution to
the District. An employee on sabbatical may be employed as a summer session or extended day staff member in accordance with regular Board policy; however, the employee shall not engage in any other employment during the term of the sabbatical leave, if it interferes with the primary purpose of the sabbatical which is to provide time for study. The foregoing shall not preclude a research grant or a return to industry or business which is part of an approved sabbatical leave. A faculty member on a 70% leave may accept, with the Professional Growth and Sabbatical Leave Committee’s approval, another position which does not constitute more than one-third of his/her average load over the last three (3) years. A faculty member on a 100% leave may only earn salary which directly offsets verifiable expenses of the sabbatical. The District may request copies of the employee’s W2 statements at the end of the sabbatical period.

d. Any educational or research grant such as might be provided through government or foundation sources, which when added to the sabbatical compensation paid by the District exceeds 100% of the normal salary, shall cause the reduction of the District payment so that the combined grant and the District payment will not be more than 100% of contract salary.

e. Compensation for Return to Industry Leave - Financial renumeration from the business or industry sponsoring a Return to Industry Leave may be accepted by the faculty member instead of the District salary if it is greater. If the District salary is greater than that offered by the business or industry, the actual amount of the sponsoring agency’s salary will be paid to the District to offset the District salary payment to the faculty member. IRS forms will be provided to the District to verify salary payments by the sponsoring agency.

f. Method of Compensation - The salary for sabbatical leave shall be received in the same manner as if the employee were teaching in the District. The employee and the District shall share equally in the cost of providing a suitable bond indemnifying the District against loss in the event that the employee fails to render at least two (2) academic years’ service in the Riverside Community College District immediately following such leave.

g. Accident or Illness - Interruption of the program of study or research caused by serious accident or illness during a sabbatical leave shall not affect the amount of compensation to be paid the employee under the terms of the sabbatical leave. However, the
President must be notified by registered mail within ten (10) days after the occurrence of the accident or illness, and a doctor’s statement verifying the accident or illness must be submitted.

5. Retirement

Sabbatical leave shall count toward retirement, and the retirement and annuity contributions of the employee shall be collected.

6. Status Upon Returning From Sabbatical Leave

a. At the expiration of a sabbatical leave, the certificated employee who has been granted such leave shall be reinstated, unless otherwise agreed, in the position held at the time the leave was granted.

b. Notwithstanding any other provision of this Agreement, the faculty member shall remain in the service of the District for a minimum of two (2) academic years following completion of the sabbatical leave.

7. Reports on Sabbatical Leave

a. Interim reports may be required by the President.

b. Each employee returning from sabbatical leave shall file a final written report with the President not later than one (1) month after the day on which the employee resumes active service. A final report shall include, but not be limited to, the name of the institutions attended, courses pursued, credits received or experience gained, together with the employee’s appraisal of the professional value of the activities while on leave and the manner in which the knowledge and experience gained may be applied to the benefit of the Riverside Community College District.

Q. Professional Improvement Leave

1. The College/District may grant a short-term leave of absence, with or without pay, for purposes of conference attendance or for other purposes which provide a benefit to the College/District.

2. If the College/District proposes to eliminate an instructional program/area, tenured faculty may apply for a paid leave to retrain in another and/or related instructional area. An instructional plan shall be developed jointly by the tenured faculty member, the Professional
Growth and Sabbatical Leave Committee, and an Equivalency Committee appropriate for the area. If it is then determined to be in the best interest of the College/District and at the sole discretion of the Board of Trustees, a leave of up to one (1) year and up to 100% pay may be granted by the Board so the tenured faculty member can continue service to the District.

R. Substitutes

A College President may request, but shall not require, a faculty member to substitute for another faculty member who takes leave pursuant to this Article.

S. Other Leaves

1. The College/District may grant leaves for reasons not otherwise set forth in this Article.

2. If it is determined that it is in the best interest of the College/District and at the sole discretion of the Board of Trustees, a leave of up to one (1) year and up to 100% pay may be granted to a regular faculty member for reasons to include, but not be limited to, pursuing study for a terminal degree or to train in a field other than one of hire.

3. When a faculty member returns from an extended leave, the appropriate College Dean of Instruction in consultation with the Department Chair will determine the effect the return to the classroom will have on the educational progress of students. If it is determined that a return to the classroom is not in the best interest of students, then the employee, Department Chair, and College Dean of Instruction shall mutually agree upon an appropriate non-teaching assignment for the remainder of the semester. The assignment will be designed to require not less than thirty (30) hours per week of on-campus activity, including those hours required for the employee to fulfill other duties as described in Article X, Section F. Assigned activities may include, but not limited to, curriculum review and development, program planning, materials preparation, classroom research, and other such activities singly or in combination thereof. Returning employees may be assigned suitable activities in appropriate administrative offices relating to academic affairs, student services, planning and development, and administrative services.
ARTICLE XIV – SAFETY CONDITIONS OF EMPLOYMENT

A. Safety and Health

The District shall provide a work place which is safe for its employees. It shall maintain an open administrative office during all times when classes are in session at all colleges (the District will retain its management right to determine staffing at these offices) to address “safety” concerns. The purpose of this office will be to deal with emergencies from the staff, public and students for which other resources are not available.

B. Report of Incident

Should a faculty member be attacked, assaulted, menaced or abused by any person in the course of employment, after reporting the incident to the appropriate law enforcement agency, he/she shall report the incident to the College President or his/her designee who shall promptly report the incident to the College Office of Campus Safety and Police and to the Dean of Student Services. The appropriate Department Chair also should be notified. The District shall comply with any reasonable request for information in its possession relating to the incident and the persons involved.

C. Report of Threat

Any citizen, parent, or student threat of physical harm against a faculty member shall be reported as soon as possible to the faculty member by the supervisor receiving the threat.
ARTICLE XV – REDUCED TEACHING SERVICE PROGRAM

In accordance with Education Code provisions, the District herewith establishes a Reduced Teaching Service Program, and the same shall be implemented by regulations set forth in the following sections:

A. An academic employee must be 55 years of age or older to participate in the Reduction of Workload Program.

B. The employee must have been employed full time in a position requiring State of California minimum qualifications for at least ten (10) years, of which the immediately preceding five (5) years were full-time employment.

C. An academic employee of the District may apply for reduced employment in one-year segments for a maximum of five (5) years from date of first year of reduced employment. One year contracts for reduced employment are renewable on a yearly basis, subject to the approval of the employee and the District.

D. The option of reduced employment is initiated at the request of the employee. The contract for any given year can be revoked only with the mutual consent of the District and the employee.

E. The employee shall be paid a salary that is the pro rata share of the salary such employee would be earning had he/she not elected to exercise the option of reduced employment. The employee shall retain all other rights and benefits for which he/she makes the payments that would be required if he/she remained in full-time employment.

F. An employee participating in this program shall receive the credit under the State Teachers’ Retirement System (STRS) and the Public Employee’s Retirement System (PERS) the employee would receive if employed on a full-time basis with a retirement allowance, as well as any other benefits to which the employee is entitled under the applicable laws and regulations of the State of California, based upon the salary that the employee would have received if employed on a full-time basis, and both said employee and the District shall contribute to the Teachers Retirement Fund the amount required by STRS regulations.

G. The employee shall receive health benefits as provided in Section 53201 of the Government Code in the same manner as a full-time employee. The employee is eligible for the District’s fringe benefits in the same manner as other academic bargaining unit employees serving full time. The employee must initiate coverage under the same rules and regulations as apply to the
certificated bargaining unit employees.

H. The minimum reduced employment shall be at least the equivalent of one-half of the annual full-time equivalent load (as defined in Article X. Section D.) required by the employee’s contract of employment during his/her last previous full-time year of service (subject to STRS regulations).

I. A general outline of the procedure for application follows:

1. A Reduced Teaching Program Proposal is submitted to the Vice President of Academic Affairs (generally by February 28) but no fewer than 120 days prior to the beginning of the school year in which the requested reduction will take place. (Final date of submission is May 1.)

2. Administration, under normal conditions, will respond to applications within thirty (30) days.

3. Upon approval, a contract will be drawn, specifying terms and conditions of employment for the reduced employment year.

4. A reduced employment application may be withdrawn prior to completion of the contract document.

5. As the reduced teaching contract year is being completed, the employee will again indicate his/her plan for the following year, using the dates in item 1 of this section.

J. Applications are available in the office of the Vice Chancellor, Human Resources and Employee Relations.
ARTICLE XVI – TRANSFERS

A. Each full-time faculty member will have an assignment at a specific college location(s) or site(s) and location(s) or site(s) in a department. A transfer involves a change in a full-time faculty member’s full-time college location(s) or site(s) assignment, department, and/or discipline. No full-time faculty member will be required to teach part of his/her full-time teaching load at more than one college location(s) or site(s) to transfer involuntarily from one campus to another, except as provided in Article X, Section G. This provision does not apply to overload assignments.

B. Job Posting and Transfer Rights: If a position becomes available at any college location(s) or site(s), the District will announce the position internally before it initiates an outside search. A qualified full-time faculty member (one meeting the minimum qualifications of the position) shall be granted the transfer if the receiving department agrees to accept the full-time faculty member and the sending department does not object to the loss of the faculty member. If more than one (1) faculty member wishes to transfer to an available position at another college location(s) or site(s), the senior faculty member shall have priority if the senior faculty member has comparable degrees and/or training for the assignment. Departments shall not approve or deny transfer for reasons of a personal nature. Depending on the needs of the sending and receiving college location(s) or site(s), the College Presidents may grant the transfer if it does not have a significant impact on the integrity of the colleges’ instructional programs. Any full-time faculty member denied a transfer opportunity may appeal the decision to the Vice Chancellor, Educational Services, who will provide the faculty member with his/her decision in writing.

C. Notification of Transfer: The decisions of the respective departments will be communicated in writing to the faculty requesting a transfer and to the deans of instruction or program administrators at the affected college locations or sites. The deans will communicate with the Vice President of Academic Affairs and College Presidents who will notify the Vice Chancellor, Educational Services who will note the transfer in the system-wide plan and will authorize the department that has sent the full-time faculty member to proceed with a search, if one is necessary.

D. Program Transfers: If an instructional program is moved from one college location or site to another college location or site, the faculty in that program must transfer to the new college location or site.

E. Other Transfer Requests: If no positions are available at a different college location or site, full-time faculty members may request a transfer in writing.
to the College President. The request should state the reasons for the transfer. Depending on the needs of the colleges, the College President may grant the request if the transfer does not have a significant impact on the integrity of the instructional program and if the sending and receiving departments agree to the transfer. If such a transfer is denied, the College President will provide the faculty member with his/her decision in writing.
ARTICLE XVII – GRIEVANCE PROCEDURE

A. The purpose of this grievance procedure is to provide a means by which certain disputes may be resolved in an equitable and efficient manner. A grievance is a claim by an employee covered hereby that an express term of this Agreement has been violated by the District, and that because of such violation his or her rights have been affected. A grievance shall not include any claims or requests to challenge, change, amend, or add to existing policy, rules or regulations, or to adopt or negotiate new policies, rules, or regulations. A grievance also shall not include any employer-employee relations matters for which a different method of review is specifically provided by law.

B. Should a grievance arise, it shall be handled in the following manner:

1. An employee’s grievance must be submitted in writing to the employee’s immediate supervisor within fifteen (15) working days (faculty working days excluding winter and summer session) after the date of the act or omission giving rise to the grievance, or within fifteen (15) working days after the date on which the grievant should have known of the act or omission giving rise to the grievance.

2. Any written grievance shall be signed by the grievant and shall state the circumstance on which the grievance is based, the date of occurrence, the identity of the employee or employees who claim to be aggrieved, the specific sections and terms of this Agreement allegedly violated, and the remedy sought. A grievance may include more than one (1) employee, provided the issue is identical for each, and all employees affected thereby sign the grievance form.

3. The immediate supervisor shall answer the grievance in writing within seven (7) working days after receipt except where the supervisor notifies the Association in writing of a need for an extension in which case the written answer shall be due within ten (10) working days (faculty working days excluding winter and summer session). There shall be one (1) such extension unless the parties mutually agree otherwise.

4. In the event the grievant is not satisfied with the answer given, the grievant may appeal the decision on the form mutually agreed to by the Association and the District to the Vice President of Academic Affairs, or designee, within five (5) working days after receipt of his or her supervisor’s decision. The Vice President or his designee will communicate a decision in writing within five (5) working days of receipt.
5. In the event the grievant is not satisfied with the decision of the Vice President of Academic Affairs, or designee, the grievant may appeal the decision in writing to the President or designee within five (5) working days after receipt of such decision. The President or designee shall answer the grievance in writing within five (5) working days after receipt.

6. In the event the grievant is not satisfied with the decision of the President or designee, the grievant may appeal the decision in writing to the Chancellor, or designee, within five (5) working days after receipt of such decision. The Chancellor, or designee, shall answer the grievance in writing within five (5) working days after receipt.

C. Any grievance not processed by an employee in accordance with the time limits set forth herein shall be considered settled on the basis of the decision last made by the District. If at any step the District fails to respond within the time limits specified above, the grievant may proceed to the next step.

D. A grievant shall be entitled, upon request, to representation by the Association at any grievance meetings. Where the Association has not been requested to represent the grievant and the District is prepared to agree to a resolution of the grievance, the District shall not make any final resolution until the Association has received a copy of the grievance and the proposed resolution and has been given an opportunity to file a response.

E. A reasonable amount of release time will be granted to one (1) Association representative to process any grievances. Such release time shall not take place during teaching hours or office hours except where the District and the Association mutually agree in advance that release time during such hours is necessary.

F. Grievance forms and other forms necessary to the operation of the grievance procedure shall be provided by the District.

G. After a grievance has been filed by an employee, the Association has the authority to process, abandon, or settle grievances on behalf of all employees subject to the provisions of Section D of this Article.

H. Binding Arbitration

1. Grievances which are not concluded pursuant to the procedures set forth in Section B, and which the Association desires to appeal, shall be submitted to binding arbitration as set forth in this section, provided that written notice is given to the District by the Association within five (5) working days after the answer of the Chancellor, or designee,
is rendered.

2. Upon receipt of the Association appeal, the parties shall endeavor to agree upon an arbitrator. If no agreement is reached within the ten (10) working days, they shall request the California State Conciliation Service to supply a panel of seven (7) names of arbitrators. Each party shall alternately strike a name until only one (1) name remains who shall be the arbitrator. The party who strikes the first name shall be determined by lot.

3. The fees of the arbitrator shall be shared equally by the parties. Either party may order a transcript. The cost of such transcript shall be shared equally if both parties have the use of the transcript but if only one (1) party has the use of the transcript, the non-using party shall not bear any expense pertaining to the transcript. Where both parties wish to have a transcript the parties agree to cooperate in the selection of a qualified reporter. Each party shall bear the expense of the presentation of its own case except that release time shall be granted to one (1) Association representative, the grievant, and any necessary Association witness who is an employee of the District to attend the arbitration.

4. The arbitrator shall have no power to alter, amend, change, modify, add to, or subtract from any of the terms of the Agreement, and shall have no jurisdiction to hear any grievance which is excluded from the grievance-arbitration procedure by the terms of this Agreement, or which is not filed or appealed within the time limits of this article. The decision of the arbitrator shall be based solely upon the evidence presented to him/her by the respective parties in the presence of each other. No decision shall be retroactive beyond the beginning of the ten (10) day period specified in Section B-1 of this Article, and the arbitrator shall have no authority to hear and issue a decision upon more than one (1) grievance at a time, unless the District and the Association expressly agree otherwise. The arbitrator shall render his/her decision within thirty (30) calendar days after the close of hearing or, where either party desires to submit a brief, within thirty (30) calendar days of such submission. The decision of the arbitrator shall be final and binding on both parties.
ARTICLE XVIII – EFFECT OF AGREEMENT

A. The parties acknowledge that during the negotiations which resulted in this Agreement, each had an unlimited right and the opportunity to make demands and proposals with respect to any subject or matter which was or could have been the subject of negotiation, that the understanding and agreement arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement, and therefore, each waives the right to further negotiations on any subject or matter covered or not covered under this Agreement during the term hereof, except as to items referred to as re-opener items in Article XXIII. The parties also may mutually agree to conduct negotiations on any issue.

B. No privileges, compensation, or benefits of any kind in excess of those specifically set forth in this Agreement, or not specifically provided for in this Agreement, are required to be granted to employees. However, the District may, at its discretion, voluntarily grant such hereafter.

C. The waiver by the District of any breach or condition of this Agreement does not constitute a precedent for any further waiver of such breach or condition.

D. It is the intent of the parties that where there is any inconsistency between the terms of this Agreement and any State or Federal status or regulation, the terms of this Agreement shall control, unless the statute or regulation requires that its provisions supersede any agreement between the parties, or where the provision in this Agreement specifically provides for the incorporation of the statute or regulation and any changes thereto.

E. Article and section titles in this Agreement are provided for convenience only, and in no way are to be used to define, limit, or affect the construction and interpretation thereof.
ARTICLE XIX – NO STRIKE / NO LOCKOUT

A. During the term of this Agreement, neither the Association, its officers, agents, members, nor any employee will authorize, instigate, encourage, aid, condone, participate in, or engage in a strike or work stoppage of any kind, regardless of whether there is a claim by the Association of breach of this Agreement or a Federal or State law by the District.

B. In the event of a strike or work stoppage of any kind, the Association shall immediately notify the employees that such action is unauthorized and promptly order its members to return to work, and to take every reasonable effort to terminate the unauthorized action.

C. Failing to cross any picket line established by any person or organization for any reason at any facility of the District by the Association or any employee in concert or alone, during the term of this Agreement, shall constitute a violation of this Article.

D. The District specifically has the right to proceed directly to court for an injunction and all other legal relief for any breach of this Article.

E. The obligations of this Article shall not be affected or limited by the subject matter involved in the dispute giving rise to the work stoppage or by whether such subject matter is or is not subject to the grievance and arbitration provisions of this Agreement.

F. In the event of any strike or related activity prohibited by this Article, the District may revoke or suspend any rights or benefits provided for in the Agreement with respect to any employee who engages in such activity and/or the Association.

G. The Board of Trustees agrees that during the terms of this Agreement it will not engage in any lockout of its employees.
ARTICLE XX – MISCELLANEOUS

A. Subcontracting

Educational courses in existence as of the execution date of this Agreement which are not now being contracted out, may not be contracted out to private organizations during the term of this Agreement without the concurrence of the Association.

B. Office Space

1. The District shall plan for and provide private office space for faculty.

2. Each office space will be equipped with a desk, desk chair, filing cabinet, bookshelves and side chair, computer, access to printers, and a phone. Subject to reasonable regulations full-time instructors shall normally have access to such office space during the entire year. Adequate work space shall be available for part-time faculty.

3. In the case of an instructor with an assignment split between two (2) or more colleges, private office space will be provided at the college where the majority of the load is taught.

C. Supervisory and management employees shall not be restricted from performing bargaining unit duties, so long as such performance does not cause any regular faculty member to be deprived of a full-time load or overload assignment.

D. The resignation of any unit member shall not be effective until five (5) working days before the date upon which the Board is to take action accepting such resignation.

E. The District and the Association agree that no administrator shall have his or her name listed on a grade record sheet for classes for which they are not the instructor of record.

F. Child Development Center Positions

1. With respect to the position of Child Development Site Supervisor, Early Childhood Master Teacher and Child Development Program Director, the following provisions of this Agreement do not apply: Article IX, Article XI, Article XIII.P, Article XV, Article XX.B, Article XXI, and Article XXII.
2. Notwithstanding the provisions of Article XIII.B, Child Development Site Supervisors, Early Childhood Master Teachers, and Child Development Program Directors assigned to a full-time position shall accrue twelve (12) days of sick leave per College year.

3. Notwithstanding Article X, the hours at work for Child Development Site Supervisors, Early Childhood Master Teachers, and Child Development Program Directors shall be as follows: The length of the normal workday for employees who have their time assigned to full-time positions shall be eight (8) hours per day, exclusive of a lunch break. The length of the normal work week to employees assigned a full-time position shall be forty (40) hours. Such employees shall be allowed two (2) 15-minute rest periods during each day to be set by their supervisor, one (1) such rest period to be taken during the first half of the workday and one to be taken during the second half of the workday.

4. Child Development Site Supervisors, Early Childhood Master Teachers, and Child Development Program Directors shall accrue vacation on the basis of one (1) day of vacation for each full month of paid status.

5. Child Development Site Supervisor, Early Childhood Master Teacher, and Child Development Program Director will be evaluated in accordance with the faculty evaluation process described in Article XI for the frequency of evaluation only.

G. Community Activities/Service Programs

1. Community services classes provide instruction for and/or contribute to the physical, mental, moral, economic, or civic development of the general public. They are open for the admission of adults and of those minors as in the judgment of the Board of Trustees may profit therefrom. These classes provide an opportunity for participating community members and college faculty to present information/instruction and to share their hobbies and/or avocations with members of the community.

2. For purposes of review and comment relative to impact on regular departmental programs, the District will furnish all Department Chairs and the Association with a list of proposed offerings prior to publication and distribution of announcements of programs.

3. Program publications in these areas will clearly indicate that the offerings are noncredit or not-for-credit.
4. Where applicable, program publications will carry information about related programs and courses offered in the credit curriculum.

5. Program publications will carry information about the qualifications of presenters. This information will be in a box by itself and it will say: “Presenters may have qualifications that differ from those required to teach college classes. These courses do not carry college credit.”

6. If any department determines that a Community Activities class may duplicate all or a substantial part of a regular course offering, the Department Chair and the Dean of Instruction will confer to resolve the issue, with a final decision, if needed, by the Vice Chancellor, Educational Services.

7. Compensation for not-for-credit community service classes will be negotiated between the presenter and the Vice President of Academic Affairs (or designee). This current practice will continue in order to provide incentives for presenters to develop and to maintain the community service offerings. Compensation for noncredit offerings will be paid according to the faculty salary schedule.

H. Contract Education/Economic Development and Workforce Preparation Programs

1. For purposes of this section, contract education is defined as those situations in which the District contracts with other entities or individuals for the purpose of providing instruction or services or both, and which are designated for credit, noncredit, or not-for-credit (CEC 78020).

2. Faculty will be compensated according to the Faculty Salary Schedule for work that is comparable to and requires the necessary qualifications to teach in the regular credit and noncredit instructional programs. If the work is not comparable to the regular credit and noncredit instructional programs, the Faculty Contract Education/Economic Development Committee or the Faculty Workforce Preparation Committee will determine the appropriate level of compensation for the services and/or training provided, and make such recommendation to the Chancellor. The appropriate Committee will also review the qualifications of instructors and/or trainers for the purpose of ensuring the quality of both the curriculum and the instructional program.

3. The appropriate Committee, the appropriate departments, and the Association will be notified of program development in the areas of
contract education/economic development, and workforce preparation. Potential situations for instruction or training will be made available for review by interested faculty in an on-going manner and within a reasonable time to provide dialogue and response.

4. All qualified faculty, both full- and part-time, are encouraged to participate in contract education/economic development and workforce preparation programs, and should make their interest known to the appropriate director or dean. Depending on the nature of the program (credit, noncredit, not-for-credit), the times, venues, duration of the presentation, and the express wishes of the client, interested faculty may be offered forthcoming assignments subject to the conditions in item 5 below.

5. If two (2) or more full-time faculty members request to teach a credit, noncredit, or not-for-credit contract education/economic development course, the senior faculty member shall be given preference unless the other has played a role in the development or marketing of the program, is requested by the client, and/or has specific training, skills, or qualifications to present the program, as determined by the District. If a full-time faculty member is not selected to teach a credit, noncredit or not-for-credit course, the faculty member may appeal the decision to the Vice President of Academic Affairs, who shall make a determination in writing, specifying the reasons for the decision.

6. The District may waive the 2:00 p.m. day-time overload restriction (Article X, Section O, 5) for all contract education/economic development, and workforce preparation courses or assign appropriate FTE’s (Article X, Section F) for faculty selected to teach credit or noncredit contract education courses.

7. If any department determines that a contract education/economic development or a workforce preparation class duplicates a regular course offering, the Department Chair and the appropriate Dean/Director will confer to resolve the issue, with a final decision, if needed, by the Vice President of Academic Affairs.

8. The District will present an annual report of all contract education/economic development and workforce preparation activities for the past year. This report shall include a financial statement of expenditures and revenues. A copy of the report will be made available to the Association.

9. No full-time faculty member will be laid off as a result of implementation of contract education/economic development, and workforce
I. Distance Education and Alternate Delivery Modes

1. No faculty shall be required to engage in distance education; participation shall be voluntary.

2. Class sizes in distance education settings shall not exceed current standards established with the District.

3. Employees whose instructional presentations are videotaped or who create the ideas or materials for use in videotapes or who participate in the production of videotapes, publications, online courses, or other education material shall be recognized in the use of such works.

4. Prior to or in the course of the development of such works for distance education, should the District and the employee(s) anticipate the marketing of such works, the District and the employee(s) shall mutually agree on appropriate issues of shared property rights, District subsidization and/or other financial interest, dissemination and control of materials produced, and other such matters regarding the project. The Association shall be notified of and approve any such agreements. The District and the Association shall make every effort to develop uniform contracts for faculty in areas of distance education.

5. Compensation of faculty who exercise the option to implement distance education shall be commensurate with applicable salary articles of this Agreement and/or negotiated compensation.

6. Program development in the areas of distance learning and alternate instructional delivery systems will be subject to processing through appropriate department faculty and the Office of Academic Affairs subject to established curriculum and collective bargaining processes.

7. No full-time faculty will be laid off as a result of implementation of Distance Learning or other alternate delivery systems.

8. Faculty members shall not be required to teach outside the traditional daytime hours to fill a load due to an increase in the number of Distance Education Classes.

J. Intellectual Property Rights

The District encourages employees to pursue development of materials
and/or inventions. If the employee has developed materials and/or inventions without recourse to any District resources, all rights and title in any copyrightable materials and/or inventions made by the employee shall belong to the employee. If the materials and/or inventions have been produced within the scope of the employee’s employment or if the employee has agreed in writing that the materials and/or inventions are “work for hire,” then, in an agreement reached prior to or in the course of development of such materials and/or inventions, the District and the employee shall mutually agree on the dissemination and share of royalties from the marketing of any materials and/or inventions. The Association shall be notified of and approve any such agreements. Materials and/or inventions developed while the employee is on a sabbatical leave shall not be considered “work for hire.” The District and the Association shall make every effort to develop uniform intellectual property rights contracts for faculty. To protect intellectual property rights, syllabi may not be given to other faculty without the express consent of the faculty member.

K. Privacy

District owned computers, computer networks, and telephone systems, including e-mail, voicemail, and Internet connections are subject to the regulations of law and Board of Trustees’ Policy. Within its obligations under those regulations, the District will respect the privacy of e-mail, voicemail, and computers designated for faculty members’ use and will not monitor faculty use of District owned computers, e-mail, voicemail, and Internet connections without substantial justification.

Information obtained by the access control card system or campus surveillance cameras will not be used for evaluative purposes, but may be released in accordance with safety and security concerns. Release of any information will be authorized solely by the College President. Faculty members are responsible for the control cards that they have been issued. Any individuals who have reason to believe that the cards issued to them have been lost or stolen must report this information to the proper campus authority immediately. Failure to report lost or stolen cards may cause faculty members to be liable for any fraudulent use of their cards, dependent upon a proper investigation of said use.
ARTICLE XXI – INTERSESSIONS

A. Definitions

1. For the purposes of all language in this Agreement which applies to intersessions, a full-time faculty member is defined as an employee appointed to an academic position requiring more than 67% of a full-time load during the regular academic year, and who is employed for the summer and/or winter intersession.

2. For the purposes of all language in this Agreement which applies to intersessions, a part-time faculty member is defined as an academic position requiring 67% or less of a full-time load during the regular academic year, or who was not employed during the regular academic year, and who is employed for the summer and/or winter intersession.

B. Applicable Provisions from Existing Agreement

Where the Board determines to hold summer intersession, the District and the Association agree to apply the following provisions of the existing Agreement between the Riverside Community College District and the Riverside Community College District Faculty Association CCA/CTA/NEA.

1. Article I
2. Article II
3. Article III
4. Article IV
5. Article VI
6. Article IX
7. Article X
8. Article XII
9. Article XIII
10. Article XIV
11. Article XV
12. Article XVII
13. Article XVIII
14. Article XIX
15. Article XX
16. Article XXI
17. Article XXII
C. Limitation of Agreement

Except as specifically set forth or referenced above, no other provision of this Agreement shall apply to summer intersession.

D. Salary

Salary schedule in effect during the intersessions for all full-time faculty members in the bargaining unit shall be five-eighths (5/8) of the faculty salary schedule as pro-rated. Full-time faculty members may choose either the summer or the winter intersession for compensation at the 5/8 rate, if such intersession is not part of their annual teaching loads. However, only one (1) intersession will be paid based on the 5/8 rate. Full-time faculty, who are teaching a second intersession shall be compensated at the pay-per-course rate. Part-time faculty shall be compensated at the pay-per-course rate for intersession teaching. For the winter and/or summer intersessions, Appendix I shall be applicable for work experience.

Full-time faculty members who are specifically required by the President (or designee) to be on the college premises during periods that are not part of their annual teaching assignment will be compensated at their hourly rate of pay based upon the Faculty Hourly Salary Schedule (Appendix B).

E. Hours of Work and Faculty Load

1. In extending offers of employment, full-time faculty shall be given priority over part-time faculty in summer and/or winter intersession assignments in those subject matter areas in which they are qualified. Assignments of classes and teaching schedules shall be determined through coordination between the faculty members concerned and the Department Chair/Director, subject to the approval of the appropriate Dean of Instruction and the Vice President of Academic Affairs. Actual employment in the summer and/or winter intersession shall be contingent upon sufficient class enrollment.

2. Departments must submit yearly tentative teaching assignments for each full-time faculty member during the spring semester for the following summer, fall, winter, and spring terms. No full-time faculty member who satisfies his/her annual teaching assignment during the fall and spring semesters shall be required to teach during the winter intersession unless reasonable circumstances require the Vice President of Academic Affairs to adjust his/her teaching assignment.

3. Full-time faculty who choose to use the winter or summer intersession
in order to complete their annual teaching load will be given first choice for the intersession teaching assignments. If the District offers a summer intersession, full-time faculty members may complete part of their annual teaching assignment during the summer intersession. This does not obligate the Board to offer a summer intersession; therefore, unfulfilled load will be assigned during the next term.

4. Full-time faculty will be given first choice over part-time faculty for intersession teaching assignments.

5. Where feasible, initial offers of tentative employment to part-time faculty for anticipated intersession assignments shall be made after the full-time faculty annual assignments have been made. Part-time faculty members shall either accept or reject such initial offer within fourteen (14) calendar days of the time at which the offer was made. Part-time faculty members who receive an offer of tentative employment after the initial offers have been made shall accept or reject the offer within a reasonable time which will be established by the District. In the summer and/or winter intersession published schedules, the District shall make every reasonable effort to include the names of the assigned instructors.

6. Any provisions in the Agreement applicable to class size in overload assignments during the regular school year shall also be applicable to the intersessions.

7. The Full Time Equivalent (FTE) for all intersession courses shall be maintained at the level of the regular academic year.

8. The compressed time blocks used during the 16-week fall and spring semesters do not apply to the intersessions.

F. Leaves

The provisions of Article XIII are applicable.

1. Sick Leave - Sick leave during intersessions is allowed for full-time faculty who receive intersession assignments, on an earned, accumulative basis of 0.2500 of one day for each 0.0666 FTE of service provided by that faculty member during the summer intersession.

Sick leave earned in the intersessions, as described in the preceding paragraph, will be cumulative with sick leave earned during the contract year. Intersession sick leave may be used during the contract year and sick leave earned during the contract year may be used during
Sick leave for part-time faculty in the intersessions is earned at the rate of one (1) hour for each eighteen (18) hours of intersession teaching and is cumulative. Part-time hourly sick leave earned in the intersessions may be used by part-time faculty during the school year.

2. Personal Necessity - The total number of days used by full-time faculty shall not exceed seven (7) for one academic year. If teaching an overload during fall or spring or teaching during the summer and winter intersessions and on the Hourly Salary Schedule, the total number of hours used for Personal Necessity shall not exceed seven (7) hours per term. For those who elect to use the Intersession Salary Schedule, Personal Necessity is reported in half-day increments, as stated in the provisions of Article XIII, Section F.

For part-time faculty the prorated number of hours shall not exceed seven (7) hours per term, including summer and winter intersessions.

3. Jury Duty, Bereavement, and Military Leave - Entitlement for Jury Duty, Bereavement, and Military Duty for full-time faculty teaching an overload assignment during an intersession shall be in accordance with Article XIII for each type of leave. However, when the Summer Salary Schedule is selected during intersession overload assignments, leave usage shall be reported in half-day increments. When the Hourly Salary Schedule is selected during an intersession overload assignment, leave usage shall be reported only in hourly increments.

4. A statement from a physician verifying the employee’s illness may be required by the Vice Chancellor, Human Resources and Employee Relations. In those cases where an employee is aware that he/she will be absent for twenty (20) days or more, the employee shall notify the immediate supervisor of the situation and shall be required to provide the District with a statement from the employee’s physician confirming the disability and prognosis, and an estimate of the anticipated term of absence. When that term is indefinite, a subsequent statement may be required by the District. In such cases and prior to the employee’s return to such employee’s assignment, a statement from the physician without verifying the employee can return to the employee’s assignment without detriment to the employee or others must be submitted to the Office of Human Resources by the employee.

5. When an employee has used all or a portion of the sick leave allowable and subsequently fails to serve the District for the balance of the College year, an appropriate dollar amount shall be deducted from the
employee’s final salary warrant. The appropriate amount shall equal the employee’s final salary warrant. The appropriate amount shall equal the employee’s daily rate of pay, times the number of sick days used, but not covered by earned sick leave. This section shall not be construed to affect amounts an employee may be entitled to receive under Section C and D of this Article.
ARTICLE XXII – LOAD BANKING

A. The District and the Association agree that it is desirable to take advantage of Education Code provisions permitting “load banking” based upon the following principles:

1. Only full-course overloads or equivalent will be eligible for load banking.

2. No more than 20 percent of a faculty member’s annual load, not to exceed .4666 FTE, may be banked in any one (1) semester and no more than two (2) semester courses may be banked in any one (1) year.

3. No more than the equivalent of one (1) semester’s full-time load may be accumulated.

4. At any one (1) time no more than 6 percent of full-time faculty members may utilize their banked hours for a full semester reduction of load and such reduction of load may not be taken more than once every five (5) years.

5. A faculty member electing to bank hours must make an election (in writing) to do so by December 31 of the year prior to the calendar year when the banking will be done. In case of a substantive teaching assignment modification or personal necessity, the faculty member will be asked to complete an exception from which could be available for IRS inspection. In the first year that a faculty member becomes eligible to bank hours the election to bank hours must be made within 30 days of the faculty member becoming eligible to bank hours.

6. Banked hours may be used by a faculty member to reduce a load during a semester. Faculty using banked hours have been granted a reduction of load, not a leave, as defined in Article XIII, Leaves, and are not excused from responsibilities enumerated in Article X, Section H. The faculty member must notify the Administration of his/her intent to utilize a full-semester reduction of load at the time of submission of a tentative annual teaching assignment.

B. A faculty member may “cash in” any portion of his/her load banked hours at any time. Where hours are “cashed in” instead of used for load banking, the faculty member shall be paid on the basis of the rate of pay in effect when the hours are cashed in, except that in no event can hours be accumulated beyond five (5) years after they were first earned.
C. Should a full-time faculty member die, the total value of his/her accumulated banked hours shall be paid to his/her beneficiary(ies) in a timely manner.
ARTICLE XXIII – DURATION AND TERMINATION

This Agreement, when ratified and executed between each party hereto, shall constitute the sole Agreement between them. Any modification or amendment of this Agreement must be made by and between the parties hereto in writing and executed by each party hereto. This Agreement is effective as of July 1, 2015, and shall remain in effect through June 30, 2018, except as noted in Appendices A, B, C, H and Q.

Purpose of the Schedule: The Occupational Faculty Salary Schedule is designed to equate occupational experience and college units with academic degrees in order to allow the District to offer a competitive salary to individuals for teaching positions in occupational subjects. This schedule shall be used in the initial placement of faculty members employed to teach in an occupational subject area. It shall also be used for the subsequent upward mobility of faculty members initially placed on this schedule. AB and MA degrees used for initial placement and subsequent progression on the salary schedule should be either directly related to the subject named on the credential or from the Occupational Education discipline. Recommendation of subject relationship of work completed for progression of this schedule shall be by an ad hoc committee of technical, professional peers appointed by the Professional Growth and Sabbatical Leave Committee.

Placement on the Schedule: The criteria for initial placement and subsequent upward mobility of faculty members initially placed on this schedule is determined by the type of credential required, the years of occupational experience, and the degrees held and/or number of college units earned. One step will be granted for each two (2) years of allowable occupational experience beyond that which is required for the credential. One step will be granted for each full year of appropriate teaching experience. Initial placement on the salary schedule shall be limited to a maximum of Step 6.

Credentials: The credential required may be a Class A Vocational, a full-time Standard Designated Subjects, or full-time Community College Instructor Credential authorizing the teaching of an occupational subject.

I. Salary placement for occupational faculty employed with less than an AB Degree shall be as follows:

B. Temporary Credential or Permanent (5 year of lifetime clear) Credential

C. Permanent Credential including 60 college semester units

D. Permanent Credential including 90 college semester units

E. Permanent Credential plus AB Degree

F. Permanent Credential plus AB Degree plus MA Degree

G. Permanent Credential plus AB Degree plus MA Degree plus 15 units
II. Salary Placement for occupational faculty employed with an AB Degree, or an MA Degree, shall be as follows:

B. Temporary Credential plus AB Degree

C. Permanent Credential plus AB Degree

D. Permanent Credential plus AB Degree plus 15 units

E. Permanent Credential plus AB Degree plus 30 units

F. Permanent Credential plus AB Degree plus 45 units, including MA Degree

G. Permanent Credential plus AB Degree plus 60 units, including MA Degree

H. Permanent Credential plus Earned Doctorate

APPENDIX G

RIVERSIDE COMMUNITY COLLEGE DISTRICT
DEPARTMENT CHAIRPERSON COMPENSATION
Effective July 1, 2015

All Department Chairpersons shall receive a flat stipend of five thousand six hundred eighty-three dollars ($5,683) per academic year for fulfilling duties as Department Chairperson.

In those instances where faculty head counts (full and part-time) exceed 100, chairs will receive an additional $1,615 annually.

Approved June 16, 2015 by Board of Trustees
Base Days – 176
Revised 06/15
Department Chairs and other elected positions shall be selected and compensated as set forth below:

A. Eligibility. A Department Chair shall be selected from regular members as defined in Article I, Section D, who are assigned to the affected department. A contract faculty member shall be eligible only where the department (by majority vote) provides compelling reasons in writing to the President. Assistant Department Chairs or other positions designated by the department shall have the same eligibility requirements, except that contract faculty may serve after completing two (2) full years of service in the District if no regular faculty member chooses to serve. (Such vote or selection shall not have any effect or bearing on any tenure decisions by the District with respect to such faculty members.) Where no qualified candidate for the Chair position is available within the department, the department may recommend to the District to hire from the outside. When such hiring is authorized by the District, the District will follow normal search and hiring policies.

B. Procedure for Selection. The initial recommendation for appointment as Department Chair and other positions designated by the department shall be based upon an election within the affected academic department. Departments shall elect a Chair and designate how any reassigned time that exceeds the .6 semester FTE maximum for the Chair shall be allocated within the department. Every contract and regular faculty member as defined in Article I, Sections D (1) and (2) shall be assigned to an academic department and shall be eligible to vote in such department. Voting privileges are not extended to temporary (one-year) faculty. No faculty member shall be eligible to vote in more than one department. All elections shall be by secret ballot and the person who receives a majority of votes from those eligible to vote (whether or not actually voting) shall constitute the departmental recommendation for either the Chair, Assistant Chair, or other positions designated by the department. Separate elections for Chair (or Co-Chair) position(s), the Assistant Chair(s), or other positions designated by the department shall take place. In departments with Co-Chairs or more than one additional elected position, the two (2) individuals who receive a majority of votes shall be the departmental recommendation. In the event three (3) or more persons receive a majority of votes, the two (2) with the greatest number of votes shall be the departmental recommendations. If a tie occurs between two (2) candidates, a run-off election shall take place, and the individual receiving the majority of votes shall be the recommendation from the department.
The existing Department Chair shall report the results and the recommendation(s) to the President. The President may either accept or reject the recommendation(s). If the President rejects the recommendation(s), the President will state his or her reasons in writing for such rejection. Upon such rejection, the affected department shall conduct another secret ballot election to recommend an acting Department Chair or Assistant Chair (for a maximum of one (1) semester). During such semester the department shall conduct another election for a faculty member to serve as Department Chair or Assistant Chair for a normal term.

If no person receives a majority vote for Department Chair or other elected position after three (3) secret ballots, a run-off election shall be held between the two (2) candidates receiving the most votes in the third secret ballot. If the department is electing two (2) or more positions, and neither of the candidates has received a clear majority, a run-off election shall be conducted, and the individuals receiving the greatest number of votes shall be the departmental recommendations.

If a department cannot elect a Department Chair, the President shall appoint an administrator as a temporary Chair.

C. Term of Department Chair. The term for a Department Chair, Co-Chairs, Assistant Chair(s) or other positions designated by the department shall be three (3) years commencing after the last contractual working day of the spring semester of the year in which the selection is made. (The terms of the Department Chair, Co-Chairs, Assistant Chair(s), or other positions designated by the department shall run concurrently.) Elections shall be held in April. Since it is desirable to maintain a staggered election system to avoid a complete turnover of Department Chair in any one (1) year, terms of the current Department Chairs shall be continued through their full term and the elections will be held on the existing cycle.

The selection process provided above shall be followed with respect to selecting an acting Department Chair in the event of an extended leave period for an existing Department Chair.

D. Removal of the Department Chair. The President may remove a Department Chair for incompetent service and neglect of duties and in such event shall provide notice to the person and the department at least ten (10) days prior to such removal. The Department Chair shall be provided written reasons for such action. The President shall consult with members of the department before taking final action. After such removal, the department shall hold a new election pursuant to the above specified procedures to fill the unexpired portion of such Department Chair’s position.
At the written request of two-thirds of the eligible faculty members of an affected department, the President shall establish a formal hearing to determine whether or not a Department Chair should be recalled. All voting members of the department shall be consulted. If after consultation the President determines to recall the Department Chair, the department shall hold a new election pursuant to the above specified procedures to fill the unexpired portion of such Department Chair’s term.

Removal of faculty members serving in other position(s) designated by the department shall be determined by the written rules and regulations of the department.

E. Compensation of Department Chair. A Department Chair shall receive a stipend for fulfilling his or her duties as Department Chair from the first full service day through commencement of the academic year. The stipend will be added to the Chair’s base salary by annotation of Appendix A1. (Two Co-Chairs shall share the stipend in proportions as determined by the department.) Other positions designated by the department do not receive additional compensation.

Departments shall also be allocated reassigned time from a normal teaching load as follows:

At the discretion of the Department, Chair(s) may be allowed to go to .6 reassigned within the allocation.

Chairs of departments where faculty headcounts exceed 100 will receive a $1,615 stipend.

NOTE: THIS CALCULATION WILL BE IMPLEMENTED ONLY IF IT PRODUCES A LOGICAL AND REASONABLE PRODUCT. THIS DECISION WILL BE JOINTLY MADE BY THE DISTRICT AND THE
ASSOCIATION. A count of all full-time and part-time faculty will be taken as of the census date of the fall semester, the winter intersession, and the spring semester. The department count totals will be divided by two (2). The resulting number of headcount full-time and part-time faculty will become the basis for the calculation of departmental reassigned time for the following academic year. The departmental reassigned time per semester will be allocated based on the chart above.

The figures in the chart above represent minimum reassigned FTE. The District will consider additional reassigned FTE for special or changing conditions.

In consideration of the stipend and the reassigned time, a Department Chair is expected to devote the time necessary to fulfill the responsibilities of such a position. At a minimum, a Department Chair will schedule regular weekly Chair office hours equal to 1.5 hours per .100 semester FTE reassigned. Each semester he/she will notify, in writing, all of the department’s full- and part-time faculty, classified staff, and the appropriate dean of instruction of these regularly scheduled Chair office hours. It is understood that some of these contact hours will involve meetings and/or other District related activities at various college/District sites. Appropriate notice will be posted when the Department Chair is out of his/her office on related District business. These hours will be included on the Chair’s Teaching Assignment form. When the Vice President of Academic Affairs/Educational Services or designee determines that the duties of the Department Chair or other faculty elected to positions designated by the department to be on the premises of the College after commencement to the first service day, the faculty will be compensated at the activity/laboratory rate (Column 1, step 3 of the Hourly Salary Schedule, Appendix B) to a maximum of $1,000 for departments with 51 or more headcount and a maximum of $450 for departments with fewer than 50 headcount. If the Department Chair is not available to perform such duties, he or she will first name a faculty member elected to a position designated by the department or, if such a faculty position does not exist, a faculty member approved by the department to act in his or her stead. If no such designee is named or if such designee is not available, the appropriate Dean of Instruction will carry out the District’s responsibilities for the educational program under the terms of Article III, Section A.

F. Duties of the Department Chair

The duties were established in the negotiation process. See “Department Chair Duties” below.
G. Miscellaneous Provisions

1. No faculty member shall be required to serve as a Department Chair.

2. A Department Chair who elects to resign his or her position shall provide at least 30 day notice in writing of such intention to both the President and the members of the department.

DEPARTMENT CHAIR DUTIES

The Department Chair is a faculty leadership position with responsibility for an instructional department as designated by the District. The Department Chair receives compensation as provided for in Appendix G of this contract and performs the duties set below. Chairs are first and foremost faculty. DEPARTMENTAL OPERATIONS

The Department is an academic unit of the College and has the responsibility for the academic disciplines under its jurisdiction. Under the convening
and representative authority of the Chair, each department functions as a community of teachers and scholars working collegially. To ensure consistency, all departments will follow the operational guidelines listed below:

A. By majority vote, all departments will develop a written list of decision-making responsibilities delegated to the Chair by the department - such as articulation appeals, the hiring of part-time faculty in accordance with District policy, schedule development, student complaints, general office supply purchases, etc. A copy will be sent to the appropriate Dean of Instruction.

B. By majority vote, all departments will establish written criteria for developing teaching assignments - such as seniority, rotation, special preparation/training, etc. that are not explicitly guaranteed in the Agreement. A copy will be sent to the appropriate Dean of Instruction.

C. All major decisions not explicitly delegated by the department to the Chair(s) shall be by majority vote of the regular and contract faculty of the department. Major decisions include, but are not limited to, budget recommendations, remodeling requests, major equipment purchases, changes in curriculum, and program review of documents and plans. These decisions will be recorded in the department minutes and sent to the appropriate Dean of Instruction.

D. All departments must have a general faculty meeting at least once a month. All faculty must be afforded the opportunity to contribute items for the agenda, which must be given to all members of the department three (3) business days before the meeting. Copies of the meeting minutes and agendas - including the names of the faculty members present or not present - will be forwarded to the appropriate Dean of Instruction.

E. All regular and contract faculty, as part of their general responsibilities as full-time members of the College faculty, are expected to participate equally in the business of the department. The responsibilities include, but are not limited to, participating in the program review process and the formulation of program review documents, representing the department on college-wide committees, assessment projects, developing and revising curriculum, serving on departmental subcommittees, etc.

F. Contract and regular faculty members of the department will assist the Chair and/or the Assistant Chair(s) in hiring and evaluating part-time faculty. Each department will develop a regular rotation to ensure that contract and regular faculty share the responsibility equally. Part-time faculty may be hired only after an interview that includes, at a minimum, two full-time members of the department, one of whom must be a member
of the discipline or related discipline of the applicant.

G. Departments may develop other rules and regulations not explicitly addressed in the Agreement. A copy will be sent to the appropriate Dean of Instruction.

**Initial Placement:** New employees shall be placed on Step 1 of the salary schedule. Higher step placement up to a maximum of Step 3 may be granted upon the recommendation of the Director, Human Resources. Such exception must be based upon exemplary experience and training.

**Advancement in Step:** Advancement from Step 1 to Step 2 and advancement from Step 2 to Step 3 shall require 2 semesters of service to the District in the respective position.
Advancement from Step 3 to Step 4 shall require three (3) years of service to the District.

Advancement from Step 4 to Step 5 shall require four (4) years of service to the District.

Approved June 16, 2015 by the Board of Trustees
Revised 06/15
It is assumed that the instructor/coordinator will spend an average of 3-1/2 hours per work experience student per semester for supervising, locating work experience stations, and completing the necessary paperwork. The factor of “3-1/2” is used to multiply the lab rate (Group 1, Step 1, Hourly Salary Schedule) for each work experience student assigned to the instructor/coordinator on an overload basis.
APPENDIX J

RIVERSIDE COMMUNITY COLLEGE DISTRICT
COLLEGE CALENDAR

Side Letter of Agreement
COLLEGE CALENDAR

A. “Academic year” is defined as that period between the first day of a fall semester and the last day of the following spring semester (CEC 87661a).

B. Departments must submit yearly teaching assignments for each full-time faculty member during the spring semester for the following summer, fall, winter, and spring terms. No full-time faculty member who satisfies his/her annual teaching assignment during the fall and spring semesters shall be required to teach during the winter intersession unless a significant problem exists that requires the appropriate Dean of Instruction to adjust his/her teaching assignment.

C. Per the existing contractual agreement, no full-time faculty members shall be required to teach during the winter or summer intersessions, as long as they satisfy their annual teaching assignment during other terms of the academic year (see #1 in MOA-1999-2000 College Calendar).

D. Full-time faculty may choose either the winter or the summer intersession for compensation on Appendix C. Only one intersession, if above and beyond the obligation for the academic year, will be paid based on Appendix C.

E. Full-time faculty who choose to use the winter or summer intersession in order to complete their annual teaching load will be given priority for the intersession teaching assignments. If the District offers a summer intersession, full-time faculty members may complete part of their annual teaching assignment during the summer intersession. This does not obligate the Board to offer a summer intersession; therefore, unfulfilled load will be assigned during the next term.

F. Full-time faculty will be given priority for intersession teaching assignments.

G. Full-time faculty who are required to be on College premises during periods that are not part of their annual teaching assignment will be compensated at his/her hourly rate of pay (Appendix B).
The District reserves the right to extend the semester and intersession calendars to meet the needs and/or requirements of special programs (e.g., Cosmetology, Administration of Justice, Nursing, etc.).

Pay periods for full-time faculty will commence with the month of August.

Part-time faculty assignments for the summer and winter intersessions shall not be applied toward the 67 percent requirement specified in California Education Code, §87882. All summer and winter intersession part-time faculty assignments shall be treated as designated in California Education Code, §87474.

Contract and regular faculty shall hold one 60-minute office period for each .2 FTE of their annual load. Those who teach part of their yearly assignment during the intersessions shall prorate their required office hours (.2 = 1 hour).

In the compressed calendar, in general, counseling faculty, library faculty and student activity coordinators work about a 42.25 hour work week (just as do all faculty under the compression). The scheduled contact time is calculated as follows with a 2:1 ratio: 30 contact hours x 18 (weeks) = 540-24 (typically four 6 hour days when regular faculty are not scheduled to work, such as on graduation, holidays, the Friday after Thanksgiving) = 516 divided by 16 (weeks) = 32.5 hours that must be scheduled per week. Although office hours are not regularly scheduled for this class of employees because of the unique nature of their duties, they do also have approximately a 42.5 hour work week as do all faculty under the compressed calendar. (And for all faculty, institutional service is not regularly scheduled, but is an ongoing, expected commitment.) If a counselor or librarian is teaching a course, the prep time associated for that course should be subtracted from their scheduled hours. For example, for a 3 unit course, there are three (3) hours of contact and three (3) hours of preparation. The preparation time should be subtracted out of the scheduled contact hours.
APPENDIX K

POLICIES AND PROCEDURES FOR NON-CONTRACTUAL GRIEVANCES AND INTERVIEWS

A. Grievances regarding grades shall follow the procedures and expectations outlined in the current, relevant Student Handbook. Grievances regarding allegations of harassment, discrimination or other unlawful behavior shall follow the relevant Board policy and any applicable statute or regulation (hereinafter “statute”).

B. The District shall notify the Faculty Association President, or any designee, of any investigations of faculty at the faculty member’s discretion who is the subject of the investigation.

C. Informal consultations shall take place prior to the formal grievance process. The District and/or the College administration shall make its best effort to resolve potential grievances without utilizing the formal grievance process.

D. Once a complaint goes to the formal hearing stage, if it is withdrawn, such withdrawal is a concession, the complaint had no merit.

E. District employees who, by training, are competent to carry out these procedures shall conduct grievance processes and investigations. Under special circumstances, the District may utilize an outside party to oversee or conduct grievance processes and investigations at the Chancellor’s discretion.

F. Faculty members shall be notified by the District of their right to representation in all interviews and hearings per their Weingarten rights. Signed copies of all written complaints must be given to the faculty member being grieved within a reasonable time.

G. All faculty members shall be given the list of all questions to be asked at hearings and interviews at least 48 hours in advance, excluding weekends and holidays. Reasonable follow-up questions may be asked.

H. Any faculty member involved in a grievance or investigation may recommend any witness he/she believes will assist in resolving the issue in question. The District will make its best effort to interview witnesses suggested by a faculty member.

I. A reasonable time limit shall be agreed upon for the hearing process by
all parties involved. Every effort should be made to limit proceedings to a reasonable time. Investigations of alleged unlawful behavior shall be concluded under time parameters set by the relevant statute.

J. Copies of all tapes and transcripts of any hearings and of interviews if the person being interviewed agrees shall be provided to the faculty member grieved. All transcripts shall be confidential, except as otherwise required by law.

K. The faculty member shall receive written findings relevant to the grievances made against him/her within seven (7) days of the administrator’s final decision in the matter.
APPENDIX L

PAY-PER-COURSE PROGRAM FOR PART-TIME FACULTY

A. Part-time faculty will receive compensation for each course they teach, regardless of holidays or the number of weeks in the semester/intersession. Part-time faculty will also be paid one (1) additional hour for each unit of the course(s) to compensate for non-regularly scheduled time in contact with students and other professional activities required by this Memorandum of Agreement. By way of example, a part-time faculty member teaching a 3 unit course will be expected to assist students or engage in professional activities for 3 hours during the semester/intersession in addition to assigned instructional time. This requirement is not part of the part-time faculty member’s scheduled teaching assignment.

B. Part-time faculty will sign a Semester/Intersession Tentative Assignment form and receive compensation in the following manner for each course taught:

Number of hours for the basic course (1 lecture unit = 18 hours; 1 laboratory/activity/performance unit = 54 hours) multiplied by the part-time member’s hourly salary (Faculty Hourly Salary Schedule plus one (1) additional hour for each unit of the course for non regularly scheduled professional time at the lab rate for Column 1, Step 1 of the Faculty Hourly Salary Schedule (Appendix B).

For those courses where the relationship of units and hours is not consistent with the standard formula (1 lecture units = 18 hours; 1 laboratory/activity/performance unit = 54 hours), the part-time faculty will receive compensation for any additional hours, worked at their hourly rate. An example of such a course is PHP-V25A Women’s Varsity Soccer, 2.00 units with 180 activity hours.

C. If any of the courses taught by the part-time faculty member are cancelled or reassigned under provisions outlined in the Agreement between the District and the Association, the part-time faculty member will receive his/her hourly salary pursuant to the Faculty Hourly Salary Schedule for time actually spent in classroom contact with the students enrolled in the course(s). Part-time faculty will receive compensation for the additional hours of student contact and other professional time only if the faculty member has a semester/session teaching assignment.

D. To be eligible for the pay-per-course program, a part-time faculty member must be the instructor of record for a course carrying at least 1.0 unit or
have a teaching assignment for a course equivalent to at least 1.0 unit. A course of less than 1.0 unit will be paid at the regular hourly rate.

E. Full-time faculty, classified personnel with teaching assignments, and administrators with teaching assignments as overloads will receive the lecture unit compensation stated above, but are not eligible for the additional hours of student contact and other professional time. Deductions in pay for absences for which there is no leave entitlement will be based on the Faculty Hourly Salary Schedule. Substitutes will be paid from the Faculty Hourly Salary Schedule.

RE: Part-Time Faculty  

Dear Mr. Allen:  

In order to resolve the bargaining issue regarding part-time faculty who are excluded from the Unit (See Article I, Recognition), the District and the Association agree to maintain current language. The College is willing to state for the record its overall philosophy with respect to those part-time faculty who are not in the Unit. It is my belief that whether or not such part-time faculty are in or outside the Unit, they should be treated similarly both in terms of compensation and with respect to our requirements as to teaching and related duties.  

The Association and the District recognize that the employment of part-time faculty is a semester-by-semester decision and that the departments will be hiring whomever they consider professionally best qualified for an appointment. As President of the District, I believe this is the appropriate approach and intend to recommend to the Board of Trustees that they pursue this philosophy.  

Sincerely,  

Salvatore G. Rotella, President
