SAP 101 – QUIZ

Submit this page with your Appeal Form, written statement and Official Documentation (if applicable).

Name ___________________________________  Student ID or SSN ______________________________

Circle the correct answers

1. The letters SAP stand for:
   A. Satisfactory Attendance Performance.
   B. Serving All People.
   C. Satisfactory Academic Progress.

2. One standard of meeting SAP is:
   A. Having a completion percentage rate of 60%.
   B. Completing your goal prior to attempting 150 units.
   C. Having a Grade Point Average of 2.0 or higher.

3. One Quantitative standard at NC includes:
   A. Pace of progression: You must complete at least 67% of your cumulative units attempted. If you are unable to finish your program within the maximum time frame, as explained below, you may lose eligibility for Title IV aid.
   B. Being allowed the quality of life and respect due to me as a student.
   C. Living up to the standards and expectations that the SFS department and Dean require of me.

4. Which specific SAP standard(s) do you believe you are not meeting? Circle all that apply to you.
   A. Qualitative Standard - cumulative GPA is below a 2.0.
   B. Pace of Progression - cumulative percentage completion rate is below 67%.
   C. Not meeting the Maximum Time Frame prior to completing my goal(s).

5. When John graduated from high school, he did not take school seriously. He is now older and wiser and doing better in college.
   A. This is a good example of Extenuating Circumstances.
   B. This is an example of why he should have gone from Junior High directly to college.
   C. This is not an example of Extenuating Circumstances.

6. Jessica has attempted 95 units; her GPA is a 2.70 and completion rate is 71%. Therefore, she is not meeting the Maximum Time Frame. In order for her appeal to be approved, she would need to:
   A. Write a statement indicating that she completed 15 units of ESL and Basic Skills courses at NC.
   B. Provide official documentation of a death to an immediate family member.
   C. Meet with the President of NC as soon as possible.

7. Maria’s overall completion rate was 66.95%, and her GPA is 1.98. Therefore, she is meeting SAP standards because of the rounding up system that is part of SAP.
   A. True. Financial Aid staff will round this total to 67% automatically.
   B. False. She is not meeting SAP; therefore, she is ineligible.
   C. True. As long as her GPA is above 2.0 and she has not met the Maximum Time Frame, she should still be eligible.

8. Joe has attempted 20 units, and his GPA is 1.98 and his completion percentage rate is 66.98%. In order for his appeal to be approved, he is required to:
   A. Provide Official Documentation regarding the Extenuating Circumstance that occurred during the semester that caused him to go ineligible.
   B. Continue receiving financial assistance because he is close and the financial aid office will round his totals up to a 2.0 and 67%.
   C. Bring in all of his transcripts for review because this will help SFS understand his situation.

9. Diana’s GPA is below 2.0. Her completion rate is below 67%. Her Appeal Packet must consist of:
   A. A personal statement explaining her situation along with her FAFSA application.
   B. Official documentation of her Extenuating Circumstances, an Academic Plan and a statement explaining her extenuating circumstances and indicating the changes she has made in her life to ensure she will meet the SAP standard beginning now.
   C. A statement explaining she had to take a number of Remedial or Basic Skills classes.
