Annual Administrative Unit Plan

The Unit Plan is conducted by each unit and consists of an analysis of changes within the unit as well as significant new resource needs for staff, resources, facilities, and equipment.

The questions on the subsequent pages are intended to assist you in planning for your unit. **If there is no change from your prior report, you may simply resubmit the information from that report.**

The forms that follow are separated into pages for ease of distribution to relevant offices, councils and committees. Please follow the formatting.

If you cannot identify in which category your request belongs or if you have general funding request questions, please contact Vice President of Business Services, Norm Godin at 951-222-8307 or norm.godin@rcc.edu. Within each resource request form, a recommended contact person is listed to assist you with estimating the cost of your requests. It is vital to include cost estimates in your request forms. FAILURE TO PROVIDE COST ESTIMATES MAY RESULT IN YOUR REQUEST NOT BEING CONSIDERED. Please see Unit Plan Rubric for the prioritization criteria TO ACHIEVE MAXIMUM POINTS WRITE YOUR RATIONALES BASED ON THE RUBRIC CRITERIA. IF CRITERIA ARE NOT ADDRESSED IT WILL BE GIVEN ZERO POINTS.

The following pages include Riverside City College's Mission Statement and the Goals and Strategies from the 2009-2014 Strategic Plan. They are included for your reference in answering the questions that follow and to include within your rationale for funding requests.

 - c. Have activities in other units impacted your unit? For example, a new collaborative project could cause great demand for support services in your unit.

B. Outcomes Assessment Summary and Update

As a matter of good practice and in alignment with Accrediting Commission of Community and Junior Colleges (ACCJC) standards, RCC Administrative Units participate in ongoing and systematic efforts to develop and assess Service Area Outcomes (SAOs). Please see Appendix for Guide to Developing and Assessing Outcomes.

Guide to Developing and Assessing Outcomes

Why Administrative Units Conduct Assessments: Research indicates that collecting and analyzing evidence leads to improvement of institutional or unit level effectiveness. In addition it:

- Ensures units are examining their services and programs
- Documents outcomes assessment and internal improvement efforts
- Allows each unit to demonstrate how well it is performing
- Allows for requesting resources
- Relies on fact, not perception
- Allows unit staff to prioritize improvements.

Steps to Developing Assessment Plans & Reports

1. **Unit develops measurable Service Area Outcomes (SAO).** An SAO is a “specific statement that describes the benefit that a [unit] hopes to achieve or the impact [. . .] that is a result of the work that your unit performs. Outcomes should be:
 - challenging but attainable”
 - articulate what the unit wants to achieve
 - indicate end results for the unit rather than actions
 - relate to the unit’s mission and vision
 - focus on the benefit to the recipient of the service
 - be stable over a number of years. If it is time dependent, it is most likely a goal not an outcome; and
 - be measurable and directly related to the work of your unit.

Stems for writing outcomes can include:

- “In support of student learning, staff will _____”
- “Students are aware of _____”

“Administrators (or staff) have the _____”

Source: The American University in Cairo. “A guide to developing and implementing effective outcomes assessment: Academic support and administrative units.” December 1, 2007. Retrieved on the internet at <http://ipart.aucegypt.edu>

2. **Unit defines how it will assess progress (non-evaluative) towards the outcomes.** The unit might consider taking an inventory of current tools being used. For example:
- what information is being collected already?
 - what assessment are you already using?

Methods that can be used to measure progress include, for example:

- student satisfaction surveys
- number and type of complaints
- growth in a specific function
- comparisons to professional organizations' best practices
- focus groups
- opinion surveys
- time to complete a task

3. **Unit completes the assessment plan and carries out the assessment.** In order to ensure the plan is completed
- designate a coordinator for the assessment project and/or assign responsibility for individual components
 - develop a timeline indicating when work will be collected, results tabulated, analysis completed, and subsequent dialogues.

Unit gathers information, analyzes results, communicates findings, and takes action. This step is important as it is used to identify changes needed to improve efficiency, effectiveness, and unit performance. It should also be applied to for planning and budgeting and resource allocation requests (short term and long term). Ultimately it may be tied to the institution's ability to achieve its mission.
