Instructional Unit Plan

***Please retain this information for your discipline's/department's use (or forward to your chair). A database will be created and distributed to the relevant councils and committees as requested.**

The Unit Plan is conducted by each unit on each campus and consists of an analysis of changes within the unit as well as significant new resource needs for staff, resources, facilities, and equipment. It should be **submitted or renewed every year by mid May** in anticipation of budget planning for the fiscal year, which begins July 1 of the *following* calendar year.

Extensive data sets have been distributed to all Department Chairs and are linked to the Program Review website (password 11111). Chairs have received training on the use of these data sets. Please consult with your Department Chair or Raj Bajaj (raj.bajaj@rcc.edu) for assistance interpreting the data relevant to your discipline. Note that you are only required to mention data relevant to your analysis or requests. Should you wish assistance with research *analysis* please fill out the form at <http://academic.rcc.edu/ir/requestform.html> and you will be contacted to schedule a time to discuss analysis of your data. You may also use this same form to request a labor market analysis. **Please utilize these data or data collected by your discipline to assess your goals and as rationale for resource requests.**

The questions on the subsequent pages are intended to assist you in planning for your unit. **If there is no change from your prior report, you may simply resubmit the information from that report.**

The forms that follow are separated into pages for ease of distribution to relevant offices, councils and committees. Don't let formatting concerns slow you down. If you have difficulty with formatting, the Administrative Support Center can adjust the document for you. Simply add responses to those questions that apply and forward the document to the Administrative Support Center with a request to format it appropriately.

If you cannot identify in which category your request belongs or if you have general funding request questions, please contact your college's Vice President of Business Services, Norm Godin at 951-222-8307 or norm.godin@rcc.edu. Within each resource request form, a recommended contact person is listed to assist you with estimating the cost of your requests. It is vital to include cost estimates in your request forms. **FAILURE TO PROVIDE COST ESTIMATES MAY RESULT IN YOUR REQUEST NOT BEING CONSIDERED.** Please see Unit Plan Rubric for the prioritization criteria. **TO ACHIEVE MAXIMUM POINTS WRITE YOUR RATIONALES BASED ON THE RUBRIC CRITERIA. IF CRITERIA ARE NOT ADDRESSED IT WILL BE GIVEN ZERO POINTS.**

The following pages include Riverside City College's Mission Statement and the Goals and Strategies from the 2009-2014 Strategic Plan. They are included for your reference in answering the questions that follow and to include within your rationale for funding requests.

MISSION

Riverside City College provides a high-quality, affordable education, including comprehensive student services, student activities, and community programs, and empowers and supports a diverse community of learners as they work toward individual achievement and life-long learning. To help students achieve their goals, the College offers learning support services, pre-college and transferable courses, and career and technical programs leading to certificates or associate degrees. Based on a learner-centered philosophy, the College fosters critical thinking, develops information and communication skills, expands the breadth and application of knowledge, and promotes community and global awareness.

GOALS AND STRATEGIES 2009-2014

Goal I: Student Access and Support

1. Explore alternative enrollment processes
2. Ensure comprehensive and equitable services exist and are part of institutional planning
 - A. Ensure learning support services are available for all students (e.g., supplemental instruction, learning center tutors)
 - B. Expand services in learning support and transfer centers
 - C. Promote outreach to K-12 schools
3. Identify low-performing student populations based on student equity report data and develop a comprehensive plan (cultural, academic and student services) to address inequities for student access, success, retention and progression
4. Develop clear college-wide criteria for student pathways from basic skills to goal attainment
 - A. Expanding and improving instructional delivery modes including hybrid courses, short-term (fast-track) classes, and align delivery/timing of services to the needs of students
 - B. Develop innovative approaches to basic skills instruction (e.g., learning communities, modules, non-credit courses)
 - C. Ensure that basic skills has a comprehensive focus and is integrated into the general curriculum
 - D. Increase transfer awareness, readiness and rates
5. Develop student engagement centers
6. Increase awareness of open access enrollment to all adults through marketing
7. Promoting degree and certificate completion by expanding short-term classes and programs to improve job skills
8. Promoting learning and effective teaching through ongoing identification of and assessment of student learning outcomes

Goal II: Responsiveness to Community

1. Enhance career pathways approach into high-wage, high-growth jobs
2. Expand services to students in outlying and fast-growing areas
3. Maintain and strengthen ties with community-based organizations

Goal III: Culture of Innovation

1. Develop a comprehensive professional development plan
 - A. Provide training for faculty in multiple modalities of teaching inclusive of the use of technology
 - B. Enhance development opportunities for all employees
2. Implement the Facilities Master Plan
 - A. Refine the Facilities Master Plan to improve the overall physical performance and efficiencies of the campus
 - B. Incorporate sustainability in architectural and landscape design
3. Refine and implement a Technology Plan that will utilize advances in information technology to improve effectiveness of instruction, Student Services and Administration

Goal IV: Resource Development

1. Maximize the resources of the College and seek alternative funds to support a comprehensive learning environment by developing a revolving mid-range financial plan inclusive of new fiscal, human and physical resources from grants, public and private sector giving and state funding
2. Secure additional public and private sector grants that support the College's mission and strategic goals
3. Enhance the College's state and national image to better influence public policy with regard to financial resources
 - A. Participate in local, regional and state organizations to advance the cause for differential tuition for high-cost disciplines
 - B. Lobby local, regional, and state leaders to advocate for differential tuition

Goal V: Organizational Effectiveness

1. Enhance and institutionalize operational and strategic planning processes that are deliberative, efficient, and data driven; integrate the College Strategic Plan with the Facilities, Education, and Technology Master Plan; and effectively prioritize new and ongoing resource needs.
2. Examine the College's home page and related web pages
 - a. Maintain currency of posted information
 - b. Identify and implement technology to enhance processes and services

Instructional Unit Plan Update

A. Trends and Relevant Data

1. What is your unit's mission statement? How does your unit's mission statement align with the college's mission?

The Chemistry Department of Riverside City College empowers a diverse community of students to develop to their highest potential in chemistry in order to meet their academic, professional, and lifelong learning goals. We strive to assist students in their efforts to transfer to 4 year institutions or to allied health programs by offering a broad base of chemistry courses.

The chemistry department at RCC offers a broad base of chemistry courses, by doing so we offer students the chance to “expand their breadth of knowledge” in chemistry. These courses are transferable and lead to partial qualification for certificate and associate's degrees as well. Our classes challenge student to learn to use critical thinking and communication skills.

2. Has there been any change in the status of your unit? (if not, skip to #2) **NO**

a. Has your unit shifted departments?

b. Have any new certificates or programs been created by your unit?

c. Have activities in other units impacted your unit? For example, a new nursing program could cause greater demand for life science courses.

3. Have there been any significant changes in enrollment, retention, success rates, or environmental demographics that impact your discipline (See Dataset provided to all chairs)? If so, please indicate those changes. If there are no significant changes in your unit's opinion, indicate “None” and skip to question #3. **NONE**

4. In reviewing your unit's enrollment data, does your unit have plans to improve any aspects of enrollment management (ex: persistence, scheduling patterns, etc.)? If your plan necessitates resource changes make sure those needs are reflected in the applicable resource request sections. **The Chemistry Department has been working with the Physics, Math and Biology departments to have a consistent schedule so that classes that are vital for student success are not offered at conflicting times.**

5. If applicable, please report on the progress made on any of your 2010-2011 unit goals. What are your departmental/discipline goals for the 2011-2012 academic year? As you develop your goals, please ensure alignment with the College's Mission, Goals and Strategies found on pages 3-4. What activities will your department/discipline pursue to meet these goals? What support does your department/discipline need for goal

attainment? If applicable, please include the needed support on the resource request forms along with the supporting rationale. **We have acquired new technology for our department in the form of Infrared spectrometers and UV-Visible spectrometers. We are using the IR spectrometers in chemistry 12A/B and our working on laboratories to incorporate the UV-Vis spectrometer into general chemistry; we are looking forward to the time when we have new laboratory space to put this spectrometer into the lab. We have decreased our stockroom chemical holdings to the amount required by the state so that we can move to the upper floor in the new science building. We have also worked diligently to adhere to the new fire codes have data available for all the chemicals in our stockroom. This year we look forward to our move but due to budget cuts are uncertain about what equipment will be available and whether we will have the funding to use all the laboratories. We are also working to keep our program intact despite class cuts which are cutting into our introductory courses (prerequisite courses) which also hurt the enrollment in subsequent chemistry courses and also biology, nursing and other allied health courses.**

B. Outcomes Assessment Summary and Update

As a matter of good practice and in alignment with Accrediting Commission of Community and Junior Colleges (ACCJC) standards, RCCD faculty participate in ongoing and systematic efforts to assess courses, programs, and general education. Reports on specific assessment projects undertaken by individual faculty or groups of faculty in your discipline may be referenced here, but the primary purpose of this update is to provide an overview of your discipline's assessment activities (plans, data, responses to data, etc.) since your last unit plan update (spring 2010 – winter 2011) as well as your current plans for assessing student learning (spring 2011). Please note since unit plans are completed during the spring semester, we are asking you to report on the previous spring semester data along with the current spring semester plans.

I. Course Student Learning Outcome (SLO) Assessment

Directions: The Riverside Assessment Committee, Program Review, and Institutional Effectiveness Council jointly developed a process to input course assessment information. There are three possible methods of entering course student learning outcome assessment information:

1. Enter into the CurricUNET assessment module, or

Instructions for CurricUNET

- a. Log on to CurricUNET. (if you have forgotten the log in name/password email: chip.herzig@rcc.edu)
- b. In the left hand menu under **BUILD** look for **Assessment**
- c. Click **Assessment**

- d. Select your discipline from the drop down menu
- e. The next screen will show you a list of all courses in your discipline
- f. Hit the “Plan” button next to the course you will be assessing. After you have entered your Plan, hit the “Report” button to describe your assessment results.

Please contact Chip Herzig if you have any questions about the CurricUNET assessment module.

2. Enter into Survey Monkey at www.surveymonkey.com/s/P87GBCB, or
3. E-mail a document in another format (e.g., MS Word) to sloassessment@rcc.edu.

We ask that you encourage as many faculty members within your department/discipline to complete their assessments prior to the May 16, 2011 deadline.

Please indicate in your Excel Course Assessment Spreadsheet which of your courses were assessed. **[Please contact Denise Terrazas at denise.terrazas@rcc.edu or (951) 222-8053 for your excel spreadsheet so that you may simply cut and paste here.]**

This document was sent along with this form as a separate attachment.

Please complete the following questions:

1. Please describe your discipline’s dialogue on assessment results. Where would one find evidence of this dialogue? **The chemistry department has an ongoing dialogue on assessment results. The evidence for this can be seen in our department meeting minutes but also can be seen in the almost yearly update of our laboratory manuals. These changes reflect what we are learning in our assessments about students needs.**
2. Please summarize what your discipline learned from your assessments. How do you plan to use the results for improvement within your discipline? **The American Chemistry Society standardized exams our showing that our students are performing at or above the national average for these exams. We are very pleased with these results. In order to be in line with the mission statement of the college we have incorporated poster sessions in several courses that require students to make and present posters on various topics**

relating to chemistry. We felt this would add a dimension of practice in communication skills that are not seen elsewhere in our program. The topics of these poster sessions are also often related to global awareness because chemistry is often linked to environmental issues that are important globally. The Chemistry department is a small, close knit department. We have on going discussions about improvement of instructions both formally in meetings and informally in discussions in the stockroom and mentoring faculty.

3. To what extent, and how, do your assessment results support your resource requests? **This year, due to the uncertainty of the move to the new building and what will be supplied we are not asking for extra resources.**
4. What are your plans for further course based assessment in the upcoming academic year (i.e. additional courses or reassessment)? **We are planning further assessments, fine tuning our tools of assessment. We are trying to bring in more sophisticated technology and adding new labs to keep current in our teaching. We will keep meeting as a department about assessment and at least twice a year we meet as a discipline across the 3 colleges to make sure our assessments and results are in line with the other chemistry departments.**

II. Program Learning Outcome (PLO) Assessment

Directions: If you have been involved in program-level assessment this past year (**CTE faculty in particular**), please enter into the tool at:

www.surveymonkey.com/s/TT793LQ

If faculty in your discipline/department have already entered assessment information into another format, it is not necessary to re-enter the information, simply send your documentation to sloassessment@rcc.edu. We ask that you encourage as many faculty members within your department/discipline to complete the assessment tool prior to the May 16, 2011 deadline.

5. Please explain what steps your program has taken to map and align your PLOs with your course SLOs.
6. How have you shared and discussed assessment results (e.g., through Community Advisory Committee discussions, discussions with employers, interviews of graduates, program faculty meetings)?
7. To what extent, and how, do your assessment results support your resource requests?
8. What are your plans for further program based assessment in the upcoming academic year (i.e. additional program or reassessment)?

If you have any questions regarding the assessment tool please contact Susan Mills at (951) 328-3738, susan.mills@rcc.edu or Jim Elton at (951) 222-8264, jim.elton@rcc.edu.

These criteria and rubric apply to requests for faculty in Table 1.

Ranking Criterion for Faculty Positions

Rationale Form for Faculty Positions based on Data Supplied in Annual Program Review

1. Discipline Needs based on Ratio of Full-Time to Part-Time Faculty for the Discipline **(35 points Total)**

a. Ratio of Full-Time to Part-Time Faculty based on # Sections taught by F/T:P/T
(15 Points. Points will be earned on a reverse sliding scale.)

b. Part Time FTEF (i. + ii. = _____)

i. Hourly FTEF _____ + Overload FTEF _____ = P/T FTEF

ii. FTEF due to reassigned time, load bank or other leaves = _____

(10 Points. Discipline data will be ranked and points awarded based on ranking.)

c. Students served based on Enrollment Load with qualifier(s)

Qualifiers may include, but are not limited to, lecture/lab courses, lab components, and/or linked courses.

Enrollment Load (students served) by the Discipline = _____

(10 Points. Points will be awarded based on the strength of the argument. See Rubric.)

2. Other Discipline Need **(20 points Total)**

a. WSCH/FTEF w/ qualifier

Qualifiers may include, but are not limited to, external regulating agency requirements or standards (State/National), Accreditation requirements/regulatory requirements (not recommendations), Health & Safety (OHSA, HazMat, Violations, Injury Issues), space limitations and institutional demands for specialty course offerings.

(10 Points. Points will be awarded based on the strength of the argument. See Rubric.)

b. Trends (anticipated retirements; discipline specific trends; expertise; technology shifts/influences, recruitment efforts/issues)

(10 Points. Points will be awarded based on the strength of the argument. See Rubric.)

3. Program (Discipline) Growth Trends with qualifier **(5 points Total)**
 - a. Enrollments/WSCH/FTES over the last three years **(5 Points. Discipline data (% of growth) will be ranked and points awarded based on ranking.)**

4. How a faculty hire supports the Discipline, Department, & College Goals as stated in the Educational Master Plan. **(5 Points Total)**
(5 Points. Points will be awarded based on the strength of the argument. See Rubric.)

5. Additional Factors (Job Market & Outlook Data/ Transferability & Matriculation/ **(5 Points Total)**
Improved Quality of Student Experience {i.e., Puente, Honors, Summer Conservatory, Forensics}/ Other)

Resource Request Common Rubric
These criteria and rubric apply to requests in Tables 2-9

Criteria	Description for this category will:	Points
Supporting students in their goals	Illustrate how the request is expected to lead to student course completion and success, term to term persistence, [progress in basic skills attainment,] awards, certificates, or transfer. Narrative may also show how the request aligns with college goals, mission statement, vision, and strategic initiatives.	/30
Supporting faculty in their teaching	Explain how the request is a necessary and integral part of supporting faculty members' pursuit of the program, department, or discipline goals and is essential to or useful in delivery of instruction. Additionally, narrative may explain the degree to which the request supports the unit's comprehensive program review.	/25
Supporting faculty in professional development	Demonstrate how the request fulfills professional development needs and may include workshops, guest speakers, training on equipment and/or software, attending conferences, training needed to comply with state and/or federal regulations and ongoing training in the field.	/10
Improvement need resulting from assessment	Explain how the request comes from objective (SLO / PLO) assessment results that show that this request will result in improvement in unit. The request should illustrate what the specific intended improvements are and how they relate to overall mission, goals, or function of the unit (and/or college goals or mission.)	/15
Obsolescence	Show obsolescence of equipment being replaced as primary cause for need. This request relates to the replacement or updating of existing instructional technology and learning resources and should provide details (such as length, frequency, and type of use) to help illustrate obsolescence.	/10
Safety and Compliance	Show how need meets American Disability Act (ADA), Occupational Safety & Health Administration (OSHA), Federal, State, or Local regulations or laws, and/or how it addresses hazards or issues that cause unfit conditions requiring mitigation from potential danger.	/10

30 Point Scale: 30 = Superior 23 = Above Average 15 = Average 8 = Below Average 0 = No Effort/Non Applicable
 25 Point Scale: 25 = Superior 19 = Above Average 13 = Average 6 = Below Average 0 = No Effort/Non Applicable
 15 Point Scale: 15 = Superior 11 = Above Average 8 = Average 4 = Below Average 0 = No Effort/Non Applicable
 10 Point Scale: 10 = Superior 8 = Above Average 5 = Average 3 = Below Average 0 = No Effort/Non Applicable

NOTE: The above weighting scale point values will be used for ranking criteria. For example, a 30 point scale will not be given a 26 point value.
