

Out and Ally List – Fall 2022

We list our names here as lesbian, gay, bisexual, trans, queer, intersex, asexual, Two Spirit (LGBTQIA2+) and ally students, staff, faculty, and administrators at Riverside City College. We know that coming out is a personal decision that is made continually over one's lifetime. We understand that it can be an empowering and rewarding process, but that it also comes with varying levels of risk to one's emotional and physical safety, as well as financial and basic needs security. We acknowledge that all of our experiences are real and valid, whether or not we can or choose to be "out and proud" at this time.

No matter where you are on your journey, we will welcome you, listen to you, work with you, support you, advocate for you, and connect you with any resources you may need. We are committed to dismantling the homophobia, transphobia, and other systemic oppressions that marginalize LGBTQIA2+ people, and actively working toward a more inclusive and equitable campus environment.
