FACULTY

1942-1943

EMERITUS LIST

Boardman, Harry L.
Concord, California
Philosophy, Sociology
A. B., Colfax College; D. D., McMinnville (now Linfield) College;
A. M., University of California. At Riverside Junior College, 1920-1938

Eggleson, Julius Wooster
Cuttingsville, Vermont
Geology, Mineralogy
B. S., Amherst College, Phi Beta Kappa; A. M., Harvard Uni-
versity; Ph. D., Harvard University. At Riverside Junior College,
1919-1928, and 1937-1941

Meeker, Charles H.
4292 Orange Street
Director of Research
B. S., Hillsdale College; M. S., Hillsdale College. Graduate stu-
dent, Stanford University and University of California. At River-
side Junior College, 1922-1937.

Test, Charles Darwin
4486 Sixth Street
Chemistry
B. M. E., Purdue University; A. C., Purdue University. Graduate
Student, University of Chicago, Colorado School of Mines, Uni-
versity of Wisconsin, Koenigliche Bergakademie (Freiberg, Sax-
ony), Technische Hochschule (Berlin). At Riverside Junior
College, 1924-1941.

ACTIVE LIST

Allison, Thomas G.
4690 Rubidoux Avenue
English
A. B., A. M., L. H. M., St. Mary's College, California. Graduate
student, University of California, and American Academy of Dra-
matic Arts. At Riverside Junior College since 1923.

Anderson, Robert Patton
2600 Carlton Place
English
A. B., Princeton University, Phi Beta Kappa; A. M., Princeton
University. At Riverside Junior College since 1916.

*Deceased, April 9, 1943.

#### Capital outlay:

- $3,056.67

**Total all expenditures:** $122,439.12

**Balance July 1, 1942:** $27,221.13
ADMISSION TO THE COLLEGE

IN FIRST-YEAR STANDING

Admission to the College in first-year standing may be granted to the applicant who is a certified graduate of a high school.

Admission requirements include: (1) written application on the forms provided by the College; (2) complete official transcript of the applicant's high school record, including honorable dismissal from the school last attended.

The application for admission may be submitted either in person or by mail. The transcript of record is sent to the Registrar, on request of the applicant, by the principal of the high school from which transfer is made. If so desired, both application and transcript may be sent by the principal. To afford ample time for evaluation of credits and to insure against delay at time of registration, all credentials should be filed as soon as possible after graduation. Admission may be granted provisionally to the student whose application, without credentials, is received on or after the appointed registration days in the Autumn, Winter, or Spring Quarter, but matriculation will be officially recognized as completed only when all credentials have been received and accepted.

IN ADVANCED STANDING

Admission in advanced standing may be granted to the student transferring from an institution of collegiate rank. Written application on the forms provided and official transcript of all high school and college work previously undertaken, including honorable dismissal from the institution last attended, are required.

SPECIAL STUDENTS

Admission as a special student may be granted to the applicant of college age who is not a high school graduate or who wishes to enroll for fewer than ten units.

AUDITORS

By special permission, students may attend, as auditors, certain lecture or recitation classes in which they are not actively enrolled. Admission cards may be obtained at the Registrar's Office.

Auditors do not participate in class recitations or discussion; they do not submit material of any kind for review; they do not have laboratory privileges, nor do they receive any academic credit for the courses which they attend.
EXPENSES

STUDENT BODY MEMBERSHIP

No tuition is charged by the College, but a general student body membership fee is levied, payable at the time of registration. This fee is applicable to all students, regular and special, and may be paid at the beginning of the academic year, or by quarters, as follows:

- Autumn, Winter, and Spring Quarters $10.00
- Winter and Spring Quarters $7.00
- Spring Quarter $4.00

In event of the student's withdrawal, the student body membership fee is refunded in whatever proportion is deemed equitable.

BOOKS AND EQUIPMENT

The cost of books and equipment depend upon the courses elected and the amount of work undertaken. The average yearly expenditure for books is $15.00 to $30.00; for materials $10.00 to $20.00. If secondhand books are purchased, the cost will be materially reduced. A complete list of texts and materials required for all courses, together with costs, will be published in a separate bulletin in September, 1943.

ROOM AND BOARD

The expense of room and board varies with the taste and resources of the student. Rooms alone are quoted at prices ranging from $7.00 to $20.00 per month, room and board from $25.00 to $45.00. Some students club together and reduce their expenses proportionally.

MATRICULATION

PRE-REGISTRATION TEST

The Thurstone Aptitude Test is given all students who apply for admission to the College in first-year standing. The purpose is not to determine what applicants shall be admitted, but to obtain information which will enable counselors to give the educational and vocational guidance best suited to each student's need. The test is therefore an integral part of registration procedure, and as such is required for full matriculation. The times appointed for the tests are indicated in the Calendar on page 5 of this bulletin.

REGISTRATION

On the appointed days at the beginning of each quarter, all students are expected to present themselves at the College for registration.

Registration includes the filling out of the information card, the selection of a program of study, and payment of the student membership fee. Each student is assigned to a counselor (preferably in the field of the student's major interest), who will aid him in the selection of his course of study and give him advice, at intervals throughout the year, when social or academic problems arise. The student may occasionally be called into conference with the counselor, but it is hoped that the student himself will take the initiative and seek counsel whenever occasion requires.

The registration card issued to the student admits him to class. It also serves as a certificate of membership in the Associated Student Body, including a year's subscription to the Arroyo and the privilege of admission to all student body activities at the College.

After the first week of instruction the student must obtain the written approval of each instructor in whose class he desires to enroll before proceeding with matriculation. Approval forms may be obtained at the Office.
After the third week of each quarter registration is closed except to those who transfer directly from other colleges or universities.

**STUDY LIST REGULATIONS**

Official recognition is given only to those courses which have been approved by the counselor and Registrar and duly entered upon the matriculation card.

Orientation and Physical Education are required of all students. Military Training may be taken instead of Physical Education. Exemption from Physical Education may be granted (1) to the student who because of physical disability can not engage in active exercise, if he files at the Registrar's Office when registering a physician's certificate which states the cause of such disability and fixes the time limit for the exemption asked; (2) to the student who is employed practically a full time working day; (3) to the student who is 25 years of age or over.

All candidates for the degree of Associate in Arts must complete one of the following options: Physical Education (3 quarter units) and Hygiene 1; or Physical Education (3 quarter units) and Hygiene 3; or Military Science (6 quarter units); or Military Science (3 quarter units) and Physical Education (1 1/2 quarter units); or Physical Education (3 quarter units) and Physiology 1 or 3; or Physical Education (3 quarter units) and Biology 3.

No one may enroll for less than 10 units or more than 18 units (including physical education or military training) without permission from the counselor1. Students are cautioned against enrolling for more work than they can reasonably carry. For those who are in good health and able to devote the major part of their time to college study, the normal load is 16 units.

The student who has made an average grade of B for

---

1 Courses repeated to raise the grade must be counted in the study-list total, even though additional units are not allowed for repetition.
no course may be added without the written approval of
the instructor whose class the student desires to enter. Approval forms may be obtained at the Office.

At the end of the third week, study-lists are to be regarded as fixed. No course may be added thereafter. A course may be dropped by petition. Petition forms may be obtained at the Office.

During the last four weeks of any quarter, no course may be officially removed from the student's study-list. A course discontinued for any cause within the last four weeks remains upon the matriculation card, the student receiving at the end of the quarter whatever grade the work and circumstances warrant.

GENERAL REGULATIONS

COLLEGE RESIDENCE

No dormitories are maintained by the Junior College. Lists of rooms and boarding places approved by the College authorities are kept on file at the Administration office. Women not living at home must reside at places approved by the Dean of Women.

AUTOMOBILE PARKING

Parking space on the streets adjacent to the campus is limited, but a large area, with individual lanes, has been set apart for students' cars at the eastern end of the stadium. On the campus itself certain lanes have been assigned to faculty members.

BOOKSTORE

A cooperative bookstore is maintained at the College. The business is conducted by a manager who is selected by the College Board of Trustees and the Student Body Board. When books are ordered, a reasonable deposit is required.

Second-hand books are bought and sold for cash, the selling price of books in good condition being approximately two-thirds of the original price.

STUDENT RESPONSIBILITY

CONDUCT

It is assumed that students attending the Junior College have a serious purpose, and that they will maintain a worthy standard of conduct. Offenses against good behavior or academic duty will be judged in the light of attendant circumstances and such action taken as seems necessary.

SOCIAL FUNCTIONS

All social functions are under the general supervision of the Dean of Women, and must be approved by her
before any announcement concerning them is made. The time, place, and names of chaperones must be submitted a reasonable time in advance.

**Absence**

All students are expected to attend every session of every course in which they are enrolled. With the approval of the counselor a student may be dropped from a course for excessive and inexcusable absence. Request for leave to be absent from a class or explanation for having been absent should be made to the instructor in charge. Work missed for unavoidable cause may be made up with the instructor's approval. Under no circumstances will absence relieve the student from completing all the work assigned in a given course.

When a student has been absent from college without explanation for two consecutive weeks, his name is dropped from the rolls, and permission to be reinstated must be obtained from each instructor in whose class he is enrolled.

**Leave of Absence and Withdrawal**

Temporary leave of absence or permission to withdraw from college will be granted to the student who makes application at the Registrar's Office and complies with the terms for honorable dismissal.

**Change of Address**

It is the duty of the student to advise the Registrar's Office of any change in address.

**Use of Library**

General reference works and periodicals, which for convenience are placed in the reading room, do not circulate and may not be taken from the Library. Overnight books may be checked out at noon; books reserved for collateral reading may be taken at 3 o'clock. All overnight and reserved books must be returned by 9 a.m. the next college day. Books not reserved for class use may be taken out for a period of two weeks. Fines for one-day books kept overtime are five cents an hour and for two-week books five cents a day. All books must be returned and fines paid before quarter term records will be officially recognized.
GRADING SYSTEM

GRADES

Grade reports are issued at the close of each quarter to all registered students in good standing. The following grade marks are used:

A, excellent; B, good; C, average; D, below average but passing; F, failed. C is the basic grade; A and B are marks of real distinction.

F, failed, necessitates a repetition of the course, if credit is to be received.

A course in which a mark of D has been received may be repeated to raise the grade, but no additional units will be allowed upon repetition. Repeated course are counted, however, in study-list totals.

GRADE POINTS

On the basis of scholarship grades, grade points are awarded as follows: A, 3 points per unit of credit; B, 2 points per unit of credit; C, 1 point per unit of credit; D, no points per unit of credit.

The attention of students (particularly those who plan to continue their education at a senior college or university) is called to the fact that "The practical significance of scholarship grades is largely determined by their use in connection with grade points." To qualify for full junior standing in the College of Letters and Science at the University of California, the student must have acquired in the junior college at least sixty semester units of acceptable college work (not more than seventy are accepted by the University of California) and at least as many grade points as time units; that is, he must attain an average of C for all courses completed in a junior college or he will not be admitted to the University.

HONORS AND AWARDS

THE HONOR SOCIETY

The Riverside Junior College Honor Society was founded in February, 1921. Its purpose, as set forth in its constitution, is "the promotion of scholarship among the students," through public recognition of those who attain academic distinction.

The Honor Society is composed of active and associate members. Active members are those students who qualify for academic honors, and who upon the recommendation of the faculty are received into the Society. Associate members are members of the faculty and local community who, as representatives of other honorary scholarship fraternities, have affiliated with the Junior College organization to encourage its ideals.

Eligibility to active membership is based solely upon scholarship attainment. Election is determined in accordance with the following regulations, which were adopted February 28, 1936:

1. The candidate for honors must have been awarded 200 or more grade points in five quarters (or the equivalent) of resident study. The Candidate who has transferred from another college must have spent the last two of the five quarters at Riverside Junior College.

2. Grade points shall be computed upon a maximum of 18 units of credit in any one quarter, and upon a maximum of 90 units for the five quarters. If, for any reason, the candidate has been permitted to undertake more than 18 units of work in any quarter, a proportionate reduction in grade points shall be made.

3. Of the 200 or more grade points required, at least 100 shall represent the scholarship grade A on the permanent record card. At least 75 additional grade points shall represent the scholarship grade A or B. The remaining 25 points may represent the scholarship grade A, B, or C. The scale is as follows:

A, 3 grade points per unit of credit
B, 2
C, 1

4. The candidate must have elected a major (of at least 30 units) in subject Group 1, 2, 3, as required for the title of Associate in Arts. (See page 32).
5. The candidate must have included in his two-year program a year-course (of at least 9 quarter units) in each of the following fields of knowledge: English; foreign language; natural science or mathematics; social science.

6. Not more than 30 grade points may be awarded for achievement in physical education courses.

The following graduates of the class of 1942 were elected to active membership at the annual meeting:

- Barbara Adele Celse
- Robert Arthur Otto
- Edward Lawrence Cordell
- Margaret Estella Sullivant
- Paul A. Ellins
- Joy Leona Biery
- Richard Ellis Pentoney
- Garnett Lee Gladden
- Chester Edgar Herrod, Jr.
- Helen Anne Butler

AWARDS AND SCHOLARSHIPS

JUNIOR LIONS CUP

The Junior Lions Cup has been presented each year since 1928 to the man of the graduating class who in the judgment of the Committee has rendered the greatest service to the College during the year. A similar cup is given to the woman of the graduating class who has been adjudged worthy of like honor. The recipients of the cup in 1942 were Casper Breuer and Joy Leona Biery.

WOMEN'S ATHLETIC ASSOCIATION SCHOLARSHIP

The Women's Athletic Association Scholarship of the annual value of $25 has been awarded annually since 1933 to the woman student who in the judgment of the Committee is the outstanding leader in athletics and sportsmanship for the year. The scholarship average must be of at least C grade. The award is available only when the student who has been chosen enrolls for the succeeding autumn quarter at the Junior College. In 1942 the scholarship was awarded to Ruth Rogers.

KIWANIS SCHOLARSHIP FUND

The Kiwanis Scholarship Fund was established in 1924. It is a revolving educational loan fund, administered in the interest of graduates of the College, who desire to continue their education at a senior college or university. In the selection of candidates emphasis is placed upon scholarship, character, and personal need. The following students were designated beneficiaries of the fund in 1942: John Henry Smith and Garnett Lee Gladden.

DONALD A. PORTEOUS FUND

The Donald A. Porteous Fund, established in 1922 by Miss Genevieve Aberdien in memory of her nephew, who was a student at Riverside Junior College in 1920-1922, is administered for the benefit of especially deserving students who need some financial aid.
GRADUATION

DEGREE OF ASSOCIATE IN ARTS

The degree of Associate in Arts will be conferred upon the student duly accredited as a high school graduate who completes satisfactorily a junior college curriculum of 90 quarter units, including the following specific requirements:

I. English 1.

II. Physical Education and Hygiene. The requirement is fulfilled by completing (1) or (2) or (3).
   (1) Physical Education (6 quarters) and one of the following: Bacteriology 1, Biology 3, Hygiene 1, Hygiene 3, Physiology 1 or 3.
   (2) Physical Education (3 quarters) and Military Science (3 quarters).
   (3) Military Science (6 quarters).

III. American Institutions and Ideals: a study of the American constitutional system and its ideals. The requirement is fulfilled by completing (1) or (2) or (3) or (4).
   (1) English 1 (winter quarter). See note under English 1, p. 68 of 1941-1942 Register.
   (2) Political Science. See note under Political Science 1, p. 88 of 1941-1942 Register.
   (3) Sociology 1. See note under Sociology 1, p. 93 of 1941-1942 Register.
   (4) Examination, without unit credit.

IV. A major of at least 30 quarter units in one of the four groups of subjects:
   Group 1. Natural science, or mathematics, or mechanical drawing, or any combination of these.
   Group 2. English, or foreign language, or fine arts, or any combination of these.
   Group 3. Social science, or philosophy, or psychology, or commerce, or secretarial science, or any combination of these.
   Group 4. Vocational Courses.

1 A unit represents one hour of passing work for a quarter term of twelve weeks; it may stand for one hour of classroom work and two hours of preparation, for three hours of laboratory work, or for such distribution as the particular course may demand.

No student will be required to undertake a curriculum leading to the degree of Associate in Arts, but only the student who completes such a curriculum will become a candidate for graduation.

The Junior College degree of Associate in Arts does not necessarily qualify the student for admission to the upper division of the University, (1) because the curriculum requirements established for graduation from a junior college are not identical with the lower division requirements of the University; (2) because the general scholarship average required for graduation from a junior college may be any passing grade, whereas a general scholarship average of C or better is required by the University in all work of college level undertaken.

The following curriculum is suggested as a well-balanced program for the average first year student whether he expects to terminate his education in the Junior College or to transfer to a senior college or university.

TRANSFER TO THE UNIVERSITY

IN ADVANCED STANDING

The junior college student who desires to transfer to the University must have completed, as a graduate of an accredited high school, the requirements for admission to the University (A) in freshman standing, (B) in advanced standing.

A. REQUIREMENTS FOR ADMISSION IN FRESHMAN STANDING

High school subject requirements:

1. History ................................. 1
2. English.................................... 3
3. Mathematics: elementary algebra and plane geometry 2
4. Science (a 3rd or 4th year laboratory science: chemistry; physics; biology; botany; or physiology) 1
5. Foreign language (two years in one language) 2
6. Advanced (3rd or 4th year) mathematics; chemistry; physics; foreign language: one or two additional years of the foreign language offered under (e) or two years in another foreign language 1 or 2

High school grade requirements:

Any passing mark is accepted for work completed in the ninth year. A general average of at least B grade is required in the subjects listed above (a) to (f) taken in the tenth, eleventh, and twelfth years. In computing the average, a semester grade of A may be used to offset a semester grade of C in any of the prescribed courses, whether in the same or in a different field. No subject completed with a grade of D in the tenth, eleventh, or twelfth years will be counted in satisfaction of subject or grade requirements.

B. REQUIREMENTS FOR ADMISSION IN ADVANCED STANDING

Sixty semester units of acceptable college work (in addition to 6 quarter terms of military science or physical education) with a scholarship average of not less than C (1.00), or 15 semester units with a scholarship average of C plus (1.5).

The junior college student who did not qualify as a high school graduate for admission to the University in freshman standing must remove all entrance deficiencies before his application for admission to the University will be considered.

TRANSFER TO THE UNIVERSITY

IN ADVANCED STANDING

The junior college student who desires to transfer to the University must have completed, as a graduate of an accredited high school, the requirements for admission to the University (A) in freshman standing, (B) in advanced standing.

A. REQUIREMENTS FOR ADMISSION IN FRESHMAN STANDING

High school subject requirements:

1. History ................................. 1
2. English.................................... 3
3. Mathematics: elementary algebra and plane geometry 2
4. Science (a 3rd or 4th year laboratory science: chemistry; physics; biology; botany; or physiology) 1
5. Foreign language (two years in one language) 2
6. Advanced (3rd or 4th year) mathematics; chemistry; physics; foreign language: one or two additional years of the foreign language offered under (e) or two years in another foreign language 1 or 2

High school grade requirements:

Any passing mark is accepted for work completed in the ninth year. A general average of at least B grade is required in the subjects listed above (a) to (f) taken in the tenth, eleventh, and twelfth years. In computing the average, a semester grade of A may be used to offset a semester grade of C in any of the prescribed courses, whether in the same or in a different field. No subject completed with a grade of D in the tenth, eleventh, or twelfth years will be counted in satisfaction of subject or grade requirements.

B. REQUIREMENTS FOR ADMISSION IN ADVANCED STANDING

Sixty semester units of acceptable college work (in addition to 6 quarter terms of military science or physical education) with a scholarship average of not less than C (1.00), or 15 semester units with a scholarship average of C plus (1.5).

The junior college student who did not qualify as a high school graduate for admission to the University in freshman standing must remove all entrance deficiencies before his application for admission to the University will be considered.

To remove an entrance deficiency, the student may take a course in junior college in the same field in which he incurred the deficiency. Three semester units of acceptable college work completed with a grade of not less than C are equivalent to one year's high school work in the same field. Such units may be used to remove a high school subject deficiency or D grade deficiency incurred in the tenth, eleventh, or twelfth grade; or to lift a non-recommending high school scholarship average of C in a particular field to recommending level.

HIGH SCHOOL SUBJECTS JUNIOR COLLEGE FIELDS

in which deficiencies may have been incurred in which high school deficiencies may be removed

Social science: any course in economics, history, political science, or sociology.

English: English 1 or 10.

Mathematics: algebra or plane geometry: any course.

Science (3rd or 4th yr., with lab.) Natural science: bacteriology, biology, botany, chemistry, physics, physiology, or zoology.

Foreign language Foreign language (not necessarily the same language).

Work of college level employed to remove high school grade deficiencies may also be assigned full college credit, but work of college level employed to remove high school subject deficiencies is ordinarily given no credit in advanced standing.

Work taken in high school by junior college students to remove high school subject deficiencies, such as elementary algebra and plane geometry, may be counted for graduation from junior college but not for credit in advanced standing.

ADMISSION TO THE UPPER DIVISION

Admission to the upper division is granted by the University to the student who has completed 90 quarter units...
of acceptable college work with a general scholarship average not less than C (1.00). Admission to the upper division does not, however, necessarily signify the completion of lower division requirements. At Berkeley, the student who has been credited with 90 quarter units is admitted to the upper division and given opportunity to complete lower division shortages before graduation. At Los Angeles, the student entering with less than 90 quarter units who has failed in some particular to meet the lower division requirements "may be advanced to upper division standing under certain specified conditions."

LOWER DIVISION REQUIREMENTS

The lower division requirements of the several colleges in the University are not identical. It is important therefore that the student acquaint himself with the specific requirements of the academic college for which he is preparing so that he may plan his high school and junior college curriculum to conform with these requirements.

OFFICIAL TRANSCRIPT

In the interest of the student who desires to continue his studies elsewhere the College issues an official transcript. This is a duly certified record of all work completed or undertaken by the student at the Junior College and carries with it honorable dismissal. It is forwarded direct to the institution designated by the student, but only if there is a reasonable presumption that he will be admitted. One official transcript is furnished free upon request.

COPY OF RECORD

One copy of record is furnished free to the student requesting it. The copy of record carries honorable dismissal but no academic recommendation.

For description of courses see Register 1941-1942 with announcements for 1942-1943.

STUDENT ACTIVITIES

ORGANIZATIONS

ASSOCIATED STUDENT BODY

The Associated Student Body is the official organization of the students of Riverside Junior College. The management of its affairs is vested in an executive board consisting of the following officers, who are elected annually:

President; Vice-President; Secretary; Treasurer; Men's Athletic Manager; Women's Social Chairman; Men's Social Chairman; President Associated Women Students; President Women's Athletic Association; Editor Arroyo; Editor Tequesquite; Editor Varieties; Rally Committee Chairman; Forensics Manager. Official acts of the executive board are subject to review by the Director.

ASSOCIATED STUDENT BODY OFFICERS: 1942-1943

President—Robert Henry Phillips
Vice-President—Mortimer Caswell Dorris
Secretary—Phyllis Faye Kauffman
Treasurer—John Newton Boughn
Men's Athletic Manager—Robert Hugh Matheson, Jr.
Men's Social Chairman—Robert LeRoy Drake
Women's Social Chairman—Maureen Eif
President Associated Women Students—Alice Louise Leamon
Editor Arroyo—Betty Maxine Shepherd
Editor Tequesquite—Dorothy Dunbar
Editor Varieties—(Magazine not published in 1942-1943)
Rally Committee Chairman—Vernon Charles Kil
Forensics Manager—None

Faculty Adviser—Robert P. Anderson—Harry Dangerfield
ASSOCIATED WOMEN STUDENTS

President—Alice Louise Leamon
Vice President—Helen E. Filson
Secretary—Ruth W. Hendrickson
Treasurer—Lois Elaine Krieger
Social Chairman—Marie Talosro Laws
Veleda Representative—Alice Elaine Crawford

OTHER ORGANIZATIONS

Affiliated College Men
Engineers' Club
International Relations Club
Junior Lions
Kappa Upsilon (Y. M. C. A. Fraternity)
Letterman's Club
Music Club
Out of State Club
Veleda Club (Y. W. C. A. Sorority)
Spectacles Club
Woman's Athletic Association

PUBLICATIONS

The Tequesquite is the Junior College annual. Its editor and business manager are appointed by the outgoing editorial board of the Tequesquite.

The Arroyo

The Arroyo, which is published weekly, contains current news of campus and college activities. Its editors and manager are appointed by the outgoing editorial board of the Arroyo. It is printed by the College Press.

STUDENT ACTIVITIES

appointments are made after students have demonstrated special abilities. The class in English 13 serves as a consulting editorial board.

DEBATING

Riverside Junior College is a member of the Southern California Junior College Debating Conference, which consists of two divisions, with the member colleges grouped as follows:

Western division: Compton, Glendale, Long Beach, Los Angeles, Pasadena, Santa Monica, Ventura.
Eastern division: Chaffey, Citrus, Fullerton, Pomona, Riverside, San Bernardino, Santa Ana.

In the eastern division, three debate tournaments are held each year. On each occasion the ballots of the judges are seared without being announced, and opened only at the close of the third tournament to decide the conference champion.

DRAMATICS

The interests of drama are served by the classes in dramatic art, English 9 and 19, which sponsor the production of two or three programs of short plays during the year.

MUSIC

Musical activities are given a large place in the life of the College. Instrumental music is represented by the string ensemble; choral music by the student choir and glee clubs. These organizations participate in assembly and commencement programs.

ATHLETICS FOR MEN

The College is a member of the Southern California Junior College Association, Eastern Conference. Two Commissioners of Athletics, one for the Western Conference, one for the Eastern, are charged with the enforce-
STUDENT ACTIVITIES

ment of all rules and regulations pertaining to the athletic activities of their respective sections.

The Association recognizes for intercollegiate competition the following activities: baseball, basketball, boxing, cross country running, football, golf, gymnastics, mass athletics, swimming, tennis, track and field, and wrestling.

All institutions of the Association winning either sectional or association championships through regularly arranged sectional schedules or play-off contests are awarded suitable trophies. No individual awards are made.

ATHLETICS FOR WOMEN

Riverside Junior College is also a member of the Southern California Women's Athletic Association of Junior Colleges. Basketball, volleyball, indoor baseball, hockey, and tennis constitute the program of intercollegiate sports. Three junior college play days are scheduled each year.

ELIGIBILITY TO STUDENT ACTIVITIES

To be eligible to hold any Student Body office or to represent the College in any intercollegiate activity, a student must be passing in at least eleven and one-half units of work. In addition, all first-year students enrolled in their first quarter must have passed in at least eleven and one-half units of work in their last previous quarter or semester. No student shall represent his institution in any athletic activity who registers later than three weeks after the first day of instruction in the quarter or semester in which he desires to compete.

### STUDENT REGISTER

Names are listed alphabetically without regard to class. Status is indicated as follows: (1) first year student, (2) second year student, (3) third year student, (Sp.) special student, (Gr.) graduate student. A superior figure after Bp. or C indicates first year, second year, etc. Home residence denotes the high school from which the student transferred unless otherwise stated. College address is in Riverside unless otherwise stated.
