MISSION STATEMENT

Riverside City College provides a high-quality, affordable education to a diverse community of learners by offering career-technical, transferable, and pre-college courses leading to certificates, associate degrees, and transfer. Based on a learner-centered philosophy, the College fosters critical thinking, develops information and communication skills, expands the breadth and application of knowledge, and promotes community and global awareness. To help students achieve their goals, the College offers comprehensive learning and student support services, student activities, and community programs. RCC empowers and supports students as they work toward individual achievement, intellectual curiosity, and life-long learning.

Riverside City College School of Nursing

*W*elcome to Riverside City College's School of Nursing ~

RCC offers programs in nursing education that include Vocational Nursing and Associate Degree Nursing/Registered Nursing (ADN/RN). The Vocational Nursing Program is approved by the Board of Vocational Nursing and Psychiatric Technicians, and the ADN Program is approved by the Board of Registered Nursing and National League for Nursing Accrediting Commission.

Nursing programs are located on the Riverside Campus at 4800 Magnolia Avenue in the Life Science Building and at Moreno Valley College. For more information, please call (951) 222-8405. For counseling appointments regarding these programs, call (951) 222-8440.

Nursing is a highly rewarding occupation and there is a significant need for quality nurses in the greater Riverside area. If you are interested in pursuing a career in nursing, we have pre-nursing workshops scheduled throughout the year to provide additional information. Please see our [workshop calendar](#) to view event dates and times.

This is a specialized program.

For information regarding entry into the Nursing Program, go to <http://www.rcc.edu/academicPrograms/nursing/> or call 951-222-8405.

**IGETC = Intersegmental General Education Transfer Curriculum
SUMMER 2013**

IGETC is a guide to choosing your classes that can save you time and money – an even better guide is a Riverside City College counselor who will work with you to develop an education plan. Your personalized plan will include general education course choices and the courses you'll need to prepare for your major at your chosen university. In some cases, you can use one course to count for two requirements, saving you time and money.

RCCD General Education Program Student Learning Outcomes

The RCCD General Education program prepares students to be able to demonstrate an understanding of how knowledge is discovered and constructed in the natural sciences, the social and behavioral sciences, the humanities, and language and rationality. Students will understand the methods of inquiry that underlie the search for knowledge in these fields. In addition, they will gain demonstrable skills in four broad interdisciplinary areas:

Critical Thinking

Students will be able to demonstrate higher-order thinking skills about issues, problems, and explanations for which multiple solutions are possible. Students will be able to explore problems and, where possible, solve them. Students will be able to develop, test, and evaluate rival hypotheses. Students will be able to construct sound arguments and evaluate the arguments of others.

Information Competency & Technology Literacy

Students will be able to use technology to locate, organize, and evaluate information. They will be able to locate relevant information, judge the reliability of sources, and evaluate the evidence contained in those sources as they construct arguments, make decisions, and solve problems.

Communication

Students will be able to communicate effectively in diverse situations. They will be able to create, express, and interpret meaning in oral, visual, and written forms. They will also be able to demonstrate quantitative literacy and the ability to use graphical, symbolic, and numerical methods to analyze, organize, and interpret data.

Self-Development & Global Awareness

Students will be able to develop goals and devise strategies for personal development and well-being. They will be able to demonstrate an understanding of what it means to be an ethical human being and an effective citizen in their awareness of diversity and various cultural viewpoints.
