

Business and Information Systems

TRAILHEAD

Interested in planning, developing, communicating and/or operating systems within an organization?

The Business and Information Systems instructional pathway is designed for students who are interested in business administration, management, entrepreneurship, cyber security, computer programming, computer information systems, web development, networking, paralegal and pathway to law, or real estate.

The following trailhead courses are designed to help students navigate through their first 16 units at Riverside City College within their chosen instructional pathway. These courses will allow students to explore major and career choices within their anticipated area of study without going off path in their first 16 units. The trailhead courses can be applied towards general education and potential majors within the Business and Information Systems pathway. For further exploration within your instructional pathway, please make an appointment to meet with a counselor.

<u>Business and Information Systems Courses</u>	<u>Units</u>
MAT 12/12H (*112 - Math may vary based on placement)	4 (6*)
Computer Information Systems 1A	3
Business 10	3
Communication Studies 1/1H or 9/9H	3
