NOTES:

- Courses cannot be double-counted to satisfy more than one area, even if a course is listed in more than one area.**
- Upper division transfer students will need to complete a minimum of 60 transferable units, their "Golden 4" courses, and at least 30 units of general education.**
- "Golden 4 Courses" in Areas A-1, A-2, A-3, and B-4 must be completed with grades of "C-" or better prior to admission. However, RCCD requires a "C" grade or better to meet course prerequisites.**
- It is highly recommended to make an appointment with a counselor to ensure proper academic planning and to complete a student educational plan (SEP).**
- If you are completing an Associate Degree for Transfer (ADT) – please meet with a counselor to review important information about the ADT: Similar Majors at the CSU, Application Process for the ADT, and general benefits.**
- CSU GE area F is effective for students beginning at a CCC or a CSU campus in fall 2021 and beyond. Students with continuous enrollment prior to fall 2021 may choose to complete the pre-fall 21 CSU GE pattern without Area F and**

with 9 units from at least two different disciplines completed in Area D. For purposes of area F, continuous enrollment is defined as attendance in at least one semester per calendar year at a CSU or California Community College or a combination of the two. See a counselor for details.

CSU GE for STEM - Students pursuing certain Associate Degrees for Transfer may be eligible to complete CSU GE for STEM, deferring two lower-division GE courses until after transfer. CSU GE for STEM is applicable only to majors in which the Transfer Model Curriculum explicitly indicates the availability of the option. **At Riverside City College, currently only the ADT in Biology allows CSU GE for STEM.**

"CSU GE Breadth for STEM" certification as part of an Associate Degree for Transfer in Biology would require that the student has completed:

- All courses in Areas A, B, E and F of the traditional GE Breadth curriculum; and
- One course in Area C1 Arts and one course in Area C2 Humanities; and
- One course in Area D

Please consult with a Riverside City College counselor to discuss which general education pattern is the best option for you based on your individual major, goals, and transfer institution.

CSU Graduation Requirement Only in United States History, Constitution and Government:

Although this is not part of the IGETC, it is a CSU graduation requirement that you can complete at Riverside City College prior to transfer. Some of these courses may also be used to partially fulfill area 3B or 4. The same course may not be used in more than one GE area.

1. **U.S. History** (3 units)

Ethnic Studies 2(*same as HIS 31*), 14(*same as HIS 14*), 15(*same as HIS 15*), 28(*same as HIS 28*), 29(*same as HIS 29*), 44(*same as HIS 44*); History 6 or 6H or 7 or 7H, 11(*same as MIL 1*), 12(*same as MIL 2*), 14(*same as ETS 14*), 15(*same as ETS*

- 15), 28(same as ETS 28), 29(same as ETS 29), 31(same as ETS 2), 34, 44(same as ETS 44); Humanities 16; Military Science 1(same as HIS11), 2 (same as HIS 12);
2. **Constitution and Government** (3 units)
Ethnic Studies 21(same as POL 21); Political Science 1 or 1H, 21(same as ETS 21);

Note: Riverside City College's POL-1/1H or ETS/POL-21 fulfills the CSU graduation requirement in both U.S. government and California state and local government. Students who have completed ETS/POL-23, or who have received a score of 3 or higher on the AP U.S. Government and Politics exam, or who have taken a U.S. government class at an out-of-state institution may have fulfilled the U.S. government requirement but will still need to fulfill the California state and local government in order to graduate from the CSU.

New CSU GE Ethnic Studies requirement - Beginning in Fall 21 the CSU has implemented an Ethnic Studies requirement, which is now CSU GE area F. Currently at Riverside City College Ethnic Studies 1, 3, 7, 8; Ethnic Studies 13/Philosophy 14; Ethnic Studies/History 14, 15, 44; Ethnic Studies/Political Science 21, 23 are approved to satisfy this requirement. See the 22-23 CSU GE pattern and consult with a counselor for complete details.

IGETC Advisement: Former UC, CSU and students with coursework from other four-year institutions, including outside the U.S., should consult with a counselor to determine whether they should complete IGETC or the lower-division general education requirements at the campus they plan to attend.

For the UC: Students who initially enroll at a UC campus, then leave and attend a California Community College, and subsequently return to the same UC campus, are considered "re-admits" by the UC. Such students cannot use IGETC. However, students who enroll at a UC campus, then leave and attend a California Community College, and subsequently return to a different UC campus may use the IGETC pattern. It is recommended that students meet with a counselor to discuss possible further IGETC limitations.

Notes:

- *Courses cannot be double-counted to satisfy more than one area, even if a course is listed in more than one area. The only exceptions to this are several courses in Area 6A – Language Other Than English, which can also be counted towards area 3B.**
- **UC limits transfer credit for some courses. Students may review the UC Transfer Course Agreement (TCA) with a counselor for information on course limitations.**
- A grade of "P" in approved coursework taken as Pass/No Pass through RCCD is acceptable for IGETC certification. It is important to keep in mind that some CSU and UC campuses may have limitations on the number of "Credit/No Credit" ("Pass/No Pass") courses that may be used to meet degree requirements. The UC system allows a maximum of 14 semester units graded "Pass/No Pass" (Credit/No Credit) basis of the 60 transferable semester units required for admission. There is no system-wide policy for CSU campuses. Therefore, each campus has established its own policy on limitations of courses transferred with grades of "Credit/Pass".
- Some of the UC campuses do not accept or recommend IGETC for certain majors, (i.e. Engineering, Sciences). Students should consult with a counselor to determine the most appropriate general education pattern for their major and intended transfer institution. For updated information about these limitations please visit:**
<https://admission.universityofcalifornia.edu/admission-requirements/transfer-requirements/general-education-igetc/igetc/campus-guidance.html>
- It is highly recommended to make an appointment with a counselor to complete a student educational plan (SEP).**

Note - IGETC and IGETC for STEM requirements are subject to change based on the new CSU Ethnic Studies requirement. Updated requirements will be posted as soon as they are available.

IGETC for STEM

Students pursuing certain Associate Degrees for Transfer may be eligible to complete IGETC for STEM, deferring two to three lower-division GE courses until after transfer. IGETC for STEM is applicable only to majors in which the Transfer Model Curriculum explicitly indicates the availability of the option. At Riverside City College, currently only ADT's in Biology, Chemistry, and Environmental Science allow IGETC for STEM.

"IGETC for STEM" certification as part of an Associate Degree for Transfer in Biology, Chemistry, or Environmental Science would require:

Complete the following courses before transfer:

- All courses in Areas 1, 2, and 5 of the traditional IGETC; and
- One course in Area 3A; one course in Area 3B; and two courses in Area 4 from two different disciplines.

Complete the following courses after transfer:

- One remaining lower-division general education course in Area 3;*
- One remaining lower-division general education course in Area 4;* and
- One course in Area 6 for UC-bound students who have not satisfied it through proficiency.*

*These deferred lower division courses must be replaced with calculus and/or science courses required by the major before transfer.

Please consult with a Riverside City College counselor to discuss which general education pattern is the best option for you based on your individual major, goals, and transfer institution.
