2024-2025 RCC Student Employment Job Request Instructions

The Job Request Form notifies Student Employment of the duties the students will be performing in a position, who the manager and contact persons are for the position, and lets us know if the manager requires it to be posted, when to post it, and for how long. This form is required each fiscal year. The approved form must be submitted before hire paperwork can be processed. Here are some tips and guidelines to consider when completing the form:

- 1. Department or site is the name of the hiring department such as Performing Arts and the Division, for example, would be music or theatre.
- 2. A manager or director must be listed. The contact person can be the manager or other designated staff or faculty member.
- 3. The job category is tied to certain general skills and a pay range. Choose a category from the drop-down menu (Student Aide I, II, III, IV, V). You will find the list of job categories and pay ranges attached.
- 4. Please choose the funding type from the drop-down window.
- 5. Please list if you want the position posted, when to post, and the post closing date. The average posting time is about two weeks.
- 6. The job description should list a detailed set of job duties and required qualifications such as certifications or specific classes. If specific job duties are not listed the form will be returned for correction. If you need more room, please type up the job description and duties on a separate word document and submit it with the form.
- 7. The manager is required to sign and date the form. There are several lines to choose from depending on the title of the manager overseeing the position. Not all signature fields need to be signed. Only what is required for your department.
- 8. You can submit to the Student Employment Office by email, fax, or in person. The contact information is below.

Learning Aligned Employment Program (LAEP)

The Learning-Aligned Employment Program (LAEP) allows eligible students at participating California public colleges and universities to participate in placement in an educationally beneficial position that relates to the student's area of study, career objective, or the exploration of career objectives and the opportunity to earn money to help defray their educational costs.

The program includes and emphasizes positions for students with employers that are capable of providing them with full-time employment opportunities after graduation, or opportunities to connect with other employers that are capable of providing them with full-time employment opportunities after graduation, within their areas of study.

Please visit www.csac.ca.gov/laep for more information and resources.

Which employers are eligible?

The following entities may employ students:

- Nonprofit and for-profit employers
 Nonsectarian, nonpolitical organizations capable of providing full-time employment after graduation or connection to another employer able to provide full-time employment after graduation.
- Public colleges

 Research centers and institutions operated by public postsecondary educational institutions, if their learning-aligned employment opportunities provide participating students with direct opportunities to participate in the research that is undertaken by the respective research centers and institutions.
- Public schools- Public schools operated by school districts, county superintendents of schools, the Department of the Youth Authority, or the Department of Education.

How do students qualify?

Eligible students are from an underrepresented background and meet all the following criteria:

- At least half-time enrollment
 - Summer and Winter 3 or more units
 - Fall and Spring 6 or more units
- Up to 20 hours per week
- California resident classification or AB 540 Eligible
- Must be meeting satisfactory academic progress (SAP) in a program leading to a degree or certificate
- Demonstrated financial need / Currently eligible for FAFSA or Dream Act
- Eligibility to work in the United States

Priority will be given to eligible students who are first-generation college students, current/former foster youth, homeless, or at risk of being homeless. Further priority will be given to eligible students majoring in a science, technology, engineering, or mathematics (STEM) discipline.
